View full version: Why aren't there good NB body kits? ZoomM22nd October 2006, 14:12Ewing wondering why there are no good body kits for NB? I saw Vara's garage kit, rspeed no longer orders from them. As much as anything else, it all looks like shit. Does anyone know about some good kits other than Vari's garage? If not, I'm very tempted to sell it. Phinz2nd October 2006, 14:42Add is a subjective term. Stubbs6th February 2007, 18:54E the one that looks like a Viper front. does anyone know about this Nosécone viper? Was it done? Or is it 1 off? Opening the grill looks big enough that maybe I could fab something for an oil cooler even with an IC..... Gene-M6th February 2007, 20:01The nearest body kit for NB, long shot: I agree if they were readily available, I wouldn't be able to resist the temptation to buy NB. :) Does anyone know anything about this Viper Nosecone? Was it done? Or is it 1 off? Opening the grill looks big enough that maybe I could throw something up for an oil cooler even with an IC..... I could swear that R-speed is used to sell them. so no, it's not one off. for me it makes Miata look like Stratus like Viper. That's not the look I'd like. Stubbs6th February 2007, 20:16Do me, it makes Miata look just like Stratus as viper does. That's not the look I'd like. It's not exactly the kind I wanted, but when you live in Phoenix and want to push the boundaries of the car, you need to compromise to cool whenever possible. I've been spreading my brains for about 2 months, trying to figure out where the hell I could mount the oil cooler after I install the IC and PWR radiator. I saw a thread on an oil cooler installed where there was a light passenger fog, but the headlights are so bad in the stock configuration and I'm doing a lot of driving in the desert at night that I can't even consider that option. At the moment I am ready to consider anything Unlucky at R Speed down_hill_dog7th February 2007, 05:05Why is it that people are always trying to make these cars look like something else? Every bodycage made for NB, especially 01+ is HIDEOUS. Why can't someone make a very clean and tasteful urethan kit by following similar oem lines, making it a little more aggressive. Even just a super clean lip kit for 01+'s will be appreciated, and none of this rubbish OEM after-sell turpperware looking shit either. TRONIK9th February 2007, 22:51This is all about A-spec kit. I wouldn't have loved my NB almost so much without it, I would stick with my NA. (and PSSS ... this is a real Mazdaspeed kit ... thanks to a PO that apparently paid hand and foot) BodnerSP23rd February 2007, 14:10i always loved NOPRO..... even if you have to import the kit all the way here. they have a good hood to emphasize the body kit too vBulletin® v3.8.10, Copyright ©2000-2021, vBulletin Solutions, Inc. 1990-1997 Mazda Miata Duraflex Wizdom Body Kit - 4 pcs 516.00 Sokietech Carbon Fiber Shock Spring Strut Rod Prop Support Gas Hood Damper Kit Mazda Miata NA, NB 79.99 Sokietech Shock Spring Strut Rod Rod Damper Kit Mazda Miata MX5 NA, NB 59.99 Carbon Fiber Taillight Conversion Kit Insert For Miata Nb Lights Not Included for Mazda Miata 229.89 TBK Tune Up Kit Mazda Miata MX5 1990 to 1993 84.96 TBK Tune Up Kit Mazda Miata MX5 1990 to 1993 Includes Oil Filter Air Filter Fuel Filter PCV Valve and PCV Grommet NGK Spark Plugs and NGK Brand Ignition Wires 99.22 2009 2010 2011 2012 2013 Mazda miata MX-5 License Plate Mounting Kit License Plate Relocation Kit 36.94 Godspeed Mazda Miata MX-5 NA6/NA8/NB1/NB2 1989-2005 98-05 Mono-Max Coilover Suspension 40 Precise Levels of Dampening Adjustment 840.00 Mazda Miata 90-93 L4 1.6L High Quality Timing Belt Kit Water Pump and Tensione US \$87.97 Stereo Install Dash Kit Mazda Miata 94 95 96 97 (car radio wiring installatio. 23.99 Stereo Install Dash Kit Mazda Miata 01 02 03 04 2004 (car radio wiring instal. 15.61 90-97 Mazda Miata Rear Body PU Bumper Lip Kit Spoiler 42.99 2016-2017 Mazda Miata Duraflex Circuit Body Kit - 5 шматок 1423.0 2016-2017 Mazda Miata Duraflex Circuit Body Kit - 7 шматок 2190.0 1990-1997 Mazda Miata Duraflex Wizdom Body Kit - 4 piece 5 16.0 1998-2005 Mazda Miata Duraflex Wizdom комплект кузова - 4 шматок null 2016-2017 Mazda Miata Duraflex Circuit Широкий комплект кузова - 9 шт 2400.0 06 07 08 Mazda Miata GV Стиль PU передній бампер для тіла Губний спойлер Комплект 67.99 1999 - 2000 Mazda Miata GV Стиль Передній боді бампер Губа Спойлер Комплект PU 89.99 1990-1997 Mazda Miata Duraflex RE-1 Комплект кузова - 4 piece null 1990-1997 Mazda Miata / MX5 2dr Комплект кузова Wizdom Side Спідниця 206.47 ВХМОТОR Задній задній Стoвбур Спойлер Крило Lip Kit Чорний 1999-2005 Mazda Miata NB Екстремальний стиль 155.99 Mazda Miata MX-5 Camber/Caster Регулююча комплект 46.93 1990-1997 Mazda Miata Duraflex Circuit Fender Flares Kit - 4 шт 483.0 Torque Рішення Вихлопна гoра Хангер Комплект : Mazda Miata 1999-2005 35.99 Mazda Miata 94-04 L4 1.8L Набір ремінь часу з водяним насосом Premium Qualiт US \$ 161.97 ТВК Набір ремінь часу Mazda Miata з 1994 по 2000 рік 177.92 Комплект клапанів PCV Mazda Miata 1990-1997 Miata 2001-2005 Mazda Miata Два шматки набір grommet і ПК Клапан E301-15-388A ВР05-14-890 12.5 01-05 Mazda Miata MX5 PU Передній бампер для тіла Губний спойлер Комплект 01 02 03 04 05 52.99 2009-2010 Mazda Mx-5 Miata Sdin/Ddin In-Dash Монтажный комплект-2Pack 160.22 160.22
