Kollage Square Ergonomic knitting needles help relieve pain and tension in the wrists and hands and create smoother sutures! The squares have smooth joints and exact dots. Excellent needle, produced in North America. Behind the lifetime warranty. * The square shape is ergonomic * The unique svering connection to the fixed cable means that your large projects are not compressed * The exact tips are sharp but not too sharp * Needle sizes are engraved, no meter required! * Lifetime warranty What makes Kollage Square knitting needles ergonomic? The square needle reduces touch stress by giving your fingers a flat surface on which you can rest during knitting. This is traditionally different from the forming round needle, which forces the fingers to rest on a smaller, conveducive surface area. This tension caused by a round needle can lead to poor blood circulation and weakening of the nerves. Removing or reducing contact ingestion (using a square needle) can significantly reduce pain. Many customers are: knitting until they found the kollage square knitting needles! Square needle needle perfect for knitters with arthritis, wrist canal or stiffness in the wrists and fingers. The squares are designed to reduce pain and tension for those who love knitting. As a knitter, your hands are your most valuable tool! Even if you don't have hand or wrist pain at the moment, it's worth treating them right by choosing needles and tools to support all the hard work they'll do in the years to come! Manufactured in North America lifetime warranty Manufactured with accurate standards in Canada. From raw materials to packaging, each needle is guaranteed to be of excellent quality and design. We are proud to manufacture our products entirely in North America. Kollage squares are made of lightweight aluminum alloy and anodized with power and coloring. Each needle is engraved on the size of the needle. Kollage Squares have a lifetime warranty against manufacturing defects and breakage of normal operation. Please read our warranty information for more information. Product information and available sizes kollage square circular needles Available 16, 24, 32, 40 round length, sizes 0 (2.0mm) to 11 (8.0mm). Also available in 9 round lengths! Easier for hands and smoother stitches. 40 round is your favorite length scarves, Afghans and magic loop technology socks. Soft cable Made of high quality aluminum, everything from raw materials... Read more About Kollage Knitting Needles - Easier with hands and smoother stitches! Unique Square® a shaped needle with excellent joints and exact dots. Relief for tired wrists and helps create a smoother meter. Available in round knits, DPNs, straight, interchangeable and positioned hooks. The soft cable is deliciously buttery, some even call it limp. This unique cord, with no memory, has a cult, and is a favorite of the magic loop. Try and see! Due to ® of Square needles, it is highly recommended to knit a color box meter compared to traditional round needles. Note that most knitwear is one needle-sized round and DPNs for the meter. We currently carry 16, 24 and 32 rounds. If you are interested in other lengths, let us know and we will be happy to take them with us. 9 available sizes US0/2mm us4/3.5mmThe 16, 24, 32 and 40 are available in sizes US0/2mm us11/8mm. US11/8mm.
