Osrs runecrafting guide fastest

Runecrafting is one of Old School Runescape's 15 F2P skills and can be trained using both F2P and P2P methods. This skill is probably the slowest and hardest skill to practice effectively as it requires a long-distance transfer to get an undeniably small piece of XP, which also means that you can't be AFK. Runecrafting allows you to make poems that are used to cast different magic spells, which means you can make good profits by selling bikes on Grand Exchange. Players usually train Runecrafting through tasks or XP lamps to avoid boring progress on its regular road through Altars. But at the high levels of Runecrafting, your XP price will change much better than the money you can earn selling runs. In this article, we will focus on how to reach level 99 quickly, in addition to some money-making methods. Note that training this skill is not so expensive, but it is annoying and very click-intensive. Make sure you familiarize yourself with all 23 OSRS skills in our relevant guide. Running through OSRS Runecrafting 101 Runecrafting is simple, you need the essence and desired altar to enchant essence. There are 3 types of essence in the game, each of which is used to make certain rhyming. Rune essence is used to make air, water, body, fire, mind and ground runs. Pure essence is used to make chaos, astrol, nature, cosmic, law, anger and death in addition to all those created by rune essences. Dark essence fragments are used to make blood and soul trunks. Rune essences and Pure Essence are obtained by killing monsters like Duck, and remember that Pure Essences are for members only. You can also obtain both by mining in the Rune Essence mine after completing the Rune Mysteries task. Mining at Rune Essence Mine earns you Rune essences up to level 30 mining when you start getting Pure essence instead if you're a P2P game. Dark essence fragments are made using chisels with dark essence blocks obtained by using Dense essences blocks for dark conversion in Arceus (requires 100% popularity). Dense essence blocks are obtained by mining inside the Arceus Essence Mine in Arceus. The Arceus Essence mine requires 25% Arceus popularity as well as level 38 mining and level 38 craftsmanship. To create a certain type of spindle, you need its necessary essences and a corresponding altar. By clicking on the altar when you have Essences in stock, you can convert the Essences to the desired jerks. Runecraft Level Rune XP/Essence Required Essence 1 Air rune 5 Normal/Pure 2 Mind rune 6 Normal/Clean 5 Water security 6 Normal/Clean 9 Ground run 7 Normal/Clean 14 Fire certificate 7 Normal/Clean 20 Body Rune 7.5 Normal/Clean 27 Cosmic Rune 8 Clean 35 Chaos Rune 8.5 Clean 40 Astral Rune 8.7 Clean NaturePyre 9 Clean 54 Law Track 9.5 Pure 65 Death Death 10 Pure 77 Blood rune 23.8 Dark 90 Soul rune 29.7 Dark 95 Wrath rune 8 Pure It is always advisable to use both the nearest teleporter to the bank and the nearest teleporter at the altar to speed up the process. Altars Entering The Mysterious Ruins, Dueling Area, Old School Runescape Altars are the places where you convert essences to runes, these can be found around the map, but you won't find them using map icons. All altars are located inside mysterious ruins, each with a different dimension. Note that Blood, Soul and Astral Altars can only be found in the normal world, not in the Mysterious Ruins. Each altar requires the same type of Talisman (with the exception of Blood, Soul and Astrol) or you can use a similar type of Tiara for access that saves one bin because you can equip it.

These altacs can be found by right-clicking on the Talismans and selecting the Locate option. Instructions for the altar will appear in the chat box until you reach it. The table below shows all the altars and instructions for finding each one.
Runecraft Level Altar Location
1 South of Air Altar Falador and northeast of the Craft Guild.
2 Mind altar between the IceBerg and the village of Peikko.
5 Water altar south of Lumbridge in the swamp and southeast of Draynor Village.
9 Earth altar northeast of Varrock, near the Timber Yard.
14 Fire Altair northeast of AlKharside, next to the Dueling Arena.
20 Body altar between the IceBerg and the Barbarian Village; South of Edgeville Abbey.
27 Cosmic altar south of Zanaris.
35 Chaos Altar Wilderness Level 9, northwest of Edgeville.
40 Astral altar Lunar Isle, no talisman required.
44 Nature Altar north of the village of Shilo.
54 Law Altar in the north of Entrana.
65 Shrine of Death at the lower level of the Temple of Mourning II.
77 Blood Altar north of Arceus.
We don't need a talisman.
90 Soul Altar north of Arceus.
We don't need a talisman.
95 Shrine of Wrath south of the Guild of Myths.
Access to the altar is done by using a talisman or clicking on the altar while equipping the corresponding Tiara.
Note: The Astral Altar requires the completion of Lunar Diplomacy Quest.
Talismans
Runecrafting Talismans, Old School Runescape
Talisman is an object you use to get to the same type of altar.
Talisman can also be used to create combined runs, which will be explained later in the article.
Talismans are obtained either by killing monsters such as Elemental wizards or by buying them directly from the Grand Exchange.
Talisman Types
Air Talisman
Mind Talisman
Water Talisman
Talisman
Fire Talisman
Fire Talisman
Element
Talisman
Cosmic Talisman
Chaos Talisman
Natural Talisman
Law Talisman
Death Talisman
Tiaras, Old School Runescape
Tiaras is used instead of talismans to access Altars, but they cannot be in place of talismans in the creation of combined runs.
To make a certain type of Tiara, you should bring a normal Tiara alongside the desired talisman to the corresponding altar.
After that, you should use the altar Tiara to combine it with talisman to create a certain type of Tiara.
The normal Tiara is made using a Tiara mold with a silver tin in the oven that requires level 23 handicrafts.
Tiara Types
Air Tiara
Mind Tiara
Water Tiara
Earth Tiara
Fire Tiara
Body Tiara
Cosmic Tiara
Chaos Tiara
Nature Tiara
Law Tiara
Death Tiara
Wrath Tiara
Note that there is no Tiara or Talisman for poems by Atral.
Soul and Blood, since their altars are in the same dimension in the normal world, not in mysterious ruins.
Several runs as runecrafting levels rise from each Rune/Pure essence can be made into runs.
But that doesn't mean you get more XP, because you only get XP for every Rune/Pure essence used, regardless of the number of frames formed.
Runes
Lvl 1x Lvl 2x Lvl 3x Lvl 4x Lvl 5x Lvl 6x Lvl 7x Lvl 8x Lvl 9x Lvl 10x
Air 1 11 22 33 44 5 5 66 77 88 99
Mind 2 14 28 42 56 70 8 4 98 –
Water 5 19 38 57 76 95 —
Earth 9 26 52 78 104 – –
Fire 14 35 70 –
Hull 20 46 92 –
cosmic 27 59 –
chaos 35 74 –
40 82 –
Please note that Earth x5 is only obtained, if you used the +5 increase to reach level 104.
Combination runs
There are some runs that require the creation of a specific recipe, these runs are called combined runs.
That's when you combine 2-type runs into one run, but this is limited to just some runs.
To do this, you need to bring one half of the combination (1 type of two run) as well as its corresponding talisman (tiara not working) to the altar in addition to the necessary Pure essences with the same type of combination.
Also, do not forget the Tiara/Talisman needed to get to the altar (usually there should be Tiara more storage times).
Important: To create these poems, you need to use the spindle you bring to the altar instead of just clicking on the altar, otherwise you will create normal poems instead.
The chance of this success is 50%, but this can be increased to 100% using a binding necklace.
Remember, talismans are consumed anyway.
You can use the Magic Imbue spell to create combination runs, which allows you to do the process without importing the corresponding Talisman (1 type of two runs).
How to XP/Hour Slightly Intensified Because You Have More Slots.
You need to cast a spell just before you click on the altar.
To get this spell, you need level 82 Magic and lunar diplomacy quest to open the lunar spell book.
Using the Magic Imbue spell also requires 2 astrhaly roses, 7 fire runs and 7 water runs for each cast.
This means that the Rune bag (explained in the Ourania Altar section) saves 2 bins.
These required poems can be purchased either by creating them or by purchasing them from Grand Exchange.
Runecraft Level Produced Rune
Required Runes
Exp (Low Altar)
Exp (High Altar)
6 Mist rune
Air + Water 8 8.5 10
Dust Quarry
Air + Earth 8.30 9 9 13
Mutariisi
Water + Earth 9.30 9 9 5 15
Smoke Run
Air + Fire 9 8.50 9.5 19
Steam Run
Fire + Water 9.30 10 23
Lava-run
Fire + Earth 10.00 10.5
Note that there are low XP prices inside low-level altaries, like creating dust disputes inside the altar of the air instead of the Earth's altar.
Ourania Altar Location, Old School Runescape
The Ourania Altar is a place where you can do any type of run (except Wrath Runes and Combo Runes) occasionally.
It doesn't require a special Runecrafting level, but the higher your Runecrafting level, the better the runs you can get, the better your XP/Hourly rate will get.
This altar can be accessed without Talismans or Tiaras, and its mechanism is like any other altar where you click on the altar to create poems.
Using the Ourania Teleport spell (requires the completion of level 71 Magic and Lunar Diplomacy Quest) is recommended for the fastest XP/Hour fare as it places you near the entrance to the altar.
This means you have to use it as soon as you've done the run to start the second round.
Ourania Teleport spell requires 6 Earth Rune, 1 Law Rune and 2 Astral Rune for each actor.
These runs are obtained either by creating them or by buying them from other players on Grand Exchange (which is better and faster).
It is recommended to use a Rune bag to record the necessary runs of the Ourania Teleport spell to get more storage machines.
You can get a Rune bag from either The Killer Master with 750 Killer Points or bounty hunter shop for 75 Bounty Hunter Points.
It allows you to record 3 types of runs (16K rune for each type).
There is a bank inside the altar, but it requires paying for all types of 20 non-combination runs each time you use it.
You can set it up so that it doesn't take certain runs from your decision instead of taking them randomly, you can also prevent the NPC from asking you the same question each time and take the runs automatically instead.
The use of the aforementioned Rune Posch is very useful with a certain installation at this altar.
You can bring Earth staff to Ourania Teleport instead of the necessary Earth Runes, which is equippable and saves you a spot in the Rune bag.
This free can be filled with the run with which you pay
Which means that eventually you save one bin.
Inside the altar there are 2 paths, one of them is very long and the other dangerous.
It is always advisable to go down a dangerous path while in the official Ourania Altar world (No. 327), where everyone is there, reducing the chance that you will take damage.
Ourania Altar's XP prices vary depending on your Runecrafting level.
For more information, see the table below.
Runecraft Level XP/Hour
1-9 18,658 10-19 20,916 20-29 21,817 30-39 23,064 40-49 27,109 50-59 32,126 260-69 32,508 70-79 34,802 80-89 43,917 90-98 46,186 99 46,885
Note that XP you get Ourania Altar is double normal XP you get outside it.
Pure Essences is the only essence that should be used in Ourania Altar.
Completing the mid-range Ardougne diary allows you to create bonus runs for each being used (no extra XP).
Abyss (Inner Ring)
Abyss inner ring is very useful to teleport to any altar through game tastiness (except Wrath and Astral altars) without Talisman or Tiara
Abyss can usually be reached by talking to the Zamurak Mage north of Varrock, south of the Wilderness Mine, after completing Enter the Abyss Quest.
Notes: Teleporting to a legal altar requires you to have no weapons or armor, as it is located in Entrana
The Cosmic Altar teleporter requires lost city quest to be completed.
Soul altar and Blood Altar teleportations require you to use a dark essence block in a rupture (you only have to do it once).
The completion of the Final Part II mission of grief is necessary to teleport it to the altar of Death.
Bank Fillers
Setting Bank Fillers, Old School Runescape
Using bank filling machines is an option to lock empty slots into your bank so you can easily deposit and lift the item you want with minimal effort.
This can be enabled in the bank's setup.
Using Bank Fillers is very useful when it comes to Runecrafting, as you can easily deposit the entire stock and fill its Essences for each trip.
To prevent products like bags from being deposited in a bank when you click the Deposit Inventory button, you need to remove their placeholders from the bank so they don't come back because there is no empty seat.
To remove bank fillers, you can right-click the filler and select Clear All.
Useful runecrafting training destinations
The items below are very useful and highly recommended for training Runecrafting.
Try to get the bags to smooth Runecrafting effectively.
Bags
the location of the entrance to Abyss, the old-school runescape Bag is an object with which you can store Essence, and has 4 different sizes, each claiming a certain Level of Runecrafting.
These bags can be obtained by killing depth, which requires the completion of enter the Abyss mission.
Teleporting Teleporting Abyss is made by speaking to Zamorakin Mage, located south of the Wilderness Mine Site north of Varrock/Edgeville.
The bags decompose for a while after use and can be repaired by talking to dark mage in the middle of the depth.
With each bag, you can record a certain amount of essence, so they are very useful to get more XP per hour, which makes your trip longer.
If you want to know everything about each bag, check the table below
Type Runecraft Level Capacity Cumulative Capacity Usage Before Decomposition (n. 1 3 3
No breakdown
Medium bag 25 6 9.00 45
Large bag 50 9 18.00 29
Giant bag 75 12 30.00 10
Note that it is worth repairing when it breaks down, or it will suddenly disappear if you continue to use it.
Runecrafting Cape
Runecrafting Cape, Old School Runescape
Runecrafting Cape is acquired when you reach level 99 Runecrafting, and is very useful for making money only because the requirement for level 99 makes the cape useless for training.
Equipping this cloak prevents the breakdown of bags and gives access to all altars without Talismans / Tiaras.
The necklace
Necklace that gives a 100% success rate craft
Combination Runes instead of 50%.
It has 16 fees, which means it can only be used 16 times before it turns to dust.
Players can either get it by killing monsters in Abyss or throwing an LV2 Enchant spell into an emerald necklace (level 27 Magic required).
Runecrafting Quests
Performing these tasks is very useful for passing early slow levels of runecrafting.
Tasks such as Enter the Abyss, Rune Mysteries and Lunar Diplomacy are almost essential.
Quest XP
Required runecrafting level
Other requirements
Arceusin nousu 500 – 20%

Leveling
Runecrafting 1-99
The training methods below should be considered the most effective way to level 99 without taking into account anything else, such as making money.
Level 1-9 air shrine location, Old school runescape
craft air runs (5 XP/Essence).
XP/Hour: 5K –9K
Essences Needed: 194
Recommended products: All bags you can use
& Falador Teleport
Required items: Air Tiara / Talisman
& Rune / Pure Essences
Both Pure Essences and Rune Essences can be used, remember that the XP you earn is based on how many essences you have used, not how many runs you have created (Check above Multiples additional information).
Air Altar is located south of the city of Falador, which Using Falador Teleport for the bank of bikes is a very powerful XP-wise.
It is recommended to use Teleport tablets, as it takes up only one bin.
If you don't know how to create runs in general, go back to the OSRS Runecrafting 101 section.
Level 9-14 Earth Altar Location, Old School Runescape
Craft Earth Runes (6.5 XP /Essence).
XP/Hour: 8K–11K
Essences Needed: 176
Recommended items: All bags you can use
& Varrock Teleport
Required items: Earth Tiara / Talisman
& Rune / Pure Essences
Crafting Earth Runes are made on the altar of the Earth, located south of varrock's timber yard.
You can use either Pure Essence or Rune Essences to create Earth Runes.
Using Varrock Teleport back to the bank and preparing for another trip is more efficient XP-wise.
Teleport tablets are worth using because it only takes up one bin.
Level 14-23 Fire Altester Location, Old School Runescape
Craft Fire Runes (7 XP /Essence).
XP/Hour: 17K–20K
Essences Needed: 598
Recommended items: All bags that you can use
& duel ring
Required items: Fire Tiara / Talisman
& Rune / Pure Essences
Fire Runes can be created with rune essences or clean essences on the fire altar.
Paloaltari is located west of the Dueling Arena, so using a dueling ring to teleport is the fastest way to get there.
You can also teleport to the bank with your Castle Wars teleporter to prepare for another trip.
It is recommended to equip ring of dueling so that you can release one bin.
The dueling ring is made by throwing the Lvl-2 Enchant (requires a Level 27 Magic) into the emerald ring or can be purchased directly from the Great Exchange (recommended).
Level 23-99 Ourania Altar Location, old-school Runescape
Craft runes at the altar of Ourania.
XP/hour: Varies depending on runecrafting level
Recommended level: 71
Magic Essences Needed: Varies
Recommended items: All bags.
You can use, Earth staff
& a Rune Pouch
Required Items: Pure Essences, Mind runes
& the runes required for Ourania Teleport (excl. Earth runes)
Other recommendations: Completion of Lunar Diplomacy to use Ourania Teleport
Ourania Altar is located south of West Ardougne in ourania cave, which means that the use of Ourania Teleport is recommended for better XP burdens.
Keep in the way that only Pure Essences should be used here.
Keep in the way that you should be on Lunar Spellbook to use Ourania Teleport.
Everything about Ourania Altar is explained in the OSRS Runecrafting 101 section above, so check it out to understand the mechanism and inventory settings you should use.
Using Mind-runes to pay for bank access is the best choice because hairs are low when you buy them on the Big Exchange.
There is also a very use bank fillers here while training.
You can expect about 22K XP/hour on level 23 Runecrafting and this as your runecrafting level increases (check the Table in the Ourania Altar section above).
Alternative runecrafting training methods
You can use the methods below if the training methods mentioned above are not available to you for any reason.
Making the location of the Cosmic Runes Cosmic Altar inside Zanaris, old-school runescape
Required level: 27 + Recommended products: All bags, Which you can use, Amulet of Glory
& Dramen Staff
Required Items: Pure Essences
& Cosmic Tiara/ Talisman
Completion: Lost City Quest
XP/Hour: 11K–20K
GP/Hour: 500K
Runes/Hour: up to 2350
Crafting Cosmic Runes on the cosmic altar in Zanaris is a pretty good way to get XP and make decent money.
It requires the completion of Lost City Quest to get to Zanarian.
The use of Zanaris requires Dramen's staff, which will be obtained after the completion of Lost City Quest.
This staff is also used for the fairy ring teleport system.
It is highly recommended to use fairy ring BKS after you have prepared the jerks to get to the bank and fill the stock for another trip.
This can be done using the Amulet of Glory teleporter to Edgeville to access the nearest Fairy Ring, located east of Edgeville.
So the trip is like: Fill inventory and bags with clean essences from Zanaris Bank and walk down the Cosmic Altar to.
Use the Amulet of Glory Teleport to Edgeville and teleport to Zanaris using the BKS Fairy Code.
Save the cosmic poems and repeat all the steps again.
Amulet of Glory can be obtained by casting an Lvl-5 Enchant spell on the Dragonstone amulet or buying it from other Grand Exchange players (recommended).
Note that at level 59 Runecrafting you get double Runes, but not double XP.
Crafting Lava Runes
Fire
& Lava Altar Location, Old School Runescape
Required level: 23+
Recommended level: 82
Magic
Recommended Items: All the Pouches you can use, the runes required for the Magic Imbue spell, Rune Pouch
& Ring of Dueling
Required Items: Pure Essence, Earth Runes
& Fire Tiara.
XP/Hour: Up to 75K
Lava Rune is one of osrs' combined runs and requires a unique combination.
All combination runs are explained in the Introduction Noobs section.
It is recommended to use the Fire altar to create Lava Runes, as it gives a higher XP than the Earth altar and is close to the dueling teleport ring.
You also need a binding necklace to get a 100% success (explained earlier).
A rune bag is needed to record the mountains needed to cast a Magic Imbue spell.
You should be in the Moon Spell Book during this process.
The journey should be like: Equip the duel ring, Binding Necklace
& Tulitiara.
Lift a good amount of Earth Runes from the bank to the warehouse while you have a Rune bag with Runes Runes Magic Imbue.
Fill your inventory and bags with clean essences.
Teleporta to the fire altar with the help of a duel ring.
Toss Magic Imbue and use earth runes at the altar to create Lava Runes.
Teleportate to Castle Wars bank using the Duel Ring and repeat all stages again.
When you have all the bags (level 75 Runecrafting), this is probably the fastest Runecrafting training method in the game.
Making money with Runecrafting
Making money with Runecrafting is a decent way at high levels, it doesn't make a fortune, but it helps.
Crafting Astral Runes
Astral Altar Location, Old School Runescape
Required level: 40+
Recommended level: 69
Magic
Recommended Items: All bags you can use, the runs needed to throw Moonclan Teleport
& a Rune Posch.
Required items: Pure Essences
Completion of: Lunar Diplomacy
Quest
XP/Hour: 30K/Hour
GP/Hour: 500K–900K
Runes/Hour: Up to 3800
Astral run creations can only be done at the astral altar after completing Lunar Diplomacy Quest.
Pure Essences are the only essences used in this case, since Astral poems are P2P poems.
Astral Altar is located southeast of the village found on Lunar Isle.
It is highly recommended to use Moonclan Teleport from the Moon Spell Book to teleport to Lunar Isle, where you can prepare for every trip.
This means that using a Rune bag saves 2 bins.
It takes level 69 Magic to cast Moonclan's Teleport.
You get double runs after reaching level 82 Runecrafting, but that doesn't mean double XP.
You can make decent money per hour by selling Astral Runes on Grand Exchange.
Crafting Wrath Runes
Wrath Altar Location, Old School Runescape
Mandatory Level: 95 + Recommended Products: All Bags, which you can use, Mythical Cape, Ring of Dueling
& Anti-Dragon Shield
Required Items: Pure Essences
& Wrath Tiara/ Talisman
Completion: Dragon Slayer II
Quest
XP/Hour: 30K
GP/Hour: 1.3M
Runes/Hour: 4000
Crafting Wrath Runes will be made at Wrath Altar accessible after completing Dragon Slayer II
Quest.
The fastest way to the Altar of Wrath is to use the mythical cape staircase because it teleports you right in front of the mythical statue.
Clicking on the mythical statue will take you down to Corsair Cove Dungeon, where you should run all the way south until you find the entrance to the cave on the wall.
Clicking on Crave will teleportise you to the island where you can find the Altar of Wrath.
Getting to the hate altar requires hatred of Talisman or Tiara of Wrath.
The road to the Altar of Wrath, Corsair Cove Dungeon, Old School Runescape
Equips an anti-dragon shield while walking in the Corsair Cover Dungeon is highly recommended as it is full of dragons.
The Ring of Dueling teleporter to Castle Wars should have your teleporter in the bank for the next trip.
Mythical can be purchased from the Mythical Cape Store with 10,000 coins
Dragon Killer II
Quest.
The anti-Dragon Shield can be purchased at Duzich's Armour in Edgeville after completing Dragon Slayer
Quest.
It can also be purchased on the Grand Exchange.
Exchange
