PlasticPixels is a low-resolution texture pack of 16x16, so it can work on all devices. It's in Beta, so not everything is retextured yet. Created by: EightTwo5909309 (Creator) mcpexinfo (Tester & Release Manager) By Vechroziliator Published on September 12, 2018 (Updated September 8, 2020) Simple Pack is a texture pack that has simple, smooth and clean textures of blocks, items and mobs. If you've ever wanted a simpler texture, then this texture pack will be suitable for you. Some of the blocks have animations like fire in the oven, headlight, glass, ice and etc. Explore your world with simple texture. Watch video trailer: 03 Nov 2015 The texture of the Plastic Pack is quite unique, if you really like plastic then it will cause mixed feelings. Minecraft PE Animal textures and mobs have not changed much, but have acquired a plastic structure. The game interface has also been changed and looks very nice. All game blocks completely redesigned and it looks like they are made of plastic (give a gift from LEGO!). Whether you're a fan of textures with high terrain details, or your device just doesn't pull high graphics settings, this simple and unique texture pack fits perfectly into the game.
