(Image Credit: Amazon Prime Video) The next episode of the Grand Tour will arrive at Amazon Prime Video on December 18, it has been confirmed. The Grand Tour Presents: A Massive Hunt takes hosts Jeremy Clarkson, James May and Richard Hammond to Madagascar, and Amazon has accompanied the news with a new trailer, which you can watch below. By the time this new episode falls, it will have been a year since the last episode, The Grand Tour Presents: Seamen. This new episode completed filming before the success of the pandemic, so it's been a long time. This episode reportedly features presenters fainting on a remote island, among other shenanigans, so he has to look forward to it. Here's the trailer: This current series from the Amazon Prime Video show is going to be all special themed, with the next one planned to shoot in Russia. However, how soon it will be possible is something of a mystery. Still, it's good news for fans who have been waiting all year for this one. When will The Grand Tour be back? We wouldn't be surprised to see another year or more wait for a new episode of the series, unless Clarkson and company drastically change their plans on how they plan to do so. The challenges of shooting a TV show abroad right now are extensive. Amazon's latest statement on the Russia-based episode came in July. You can read that below: Yes, the next Special will land by the end of this year. Yes, it's filmed in Madagascar and yes, there will be cars. Yes, we wanted to go Russia.No, we couldn't (we all know why). Yes, we'll try again. No, we don't know when. Yes, we'll keep you updated.#TheGrandTourJuly 7, 2020The Boys Season 3: What We Know After Ozark Season 3's bloody season 3 final on Netflix, fans want to know when to wait for Season 4. Ozark season 3 fell on Netflix on March 27, 2020, and was as exciting as the last two seasons. Will Marty (Jason Bateman) and Wendy Byrde (Laura Linney) be back with Ruth Langmore (Julia Garner) for a fourth season after that cliffhanger? [Spoiler Alert: Ozark Season 3 spoilers ahead.] Jason Bateman and Julia Garner in 'Ozark' Steve Deitz/Netflix What will season 4 of 'Ozark' be about, according to showrunner Chris Mundy When asked what season 4 of Ozark might be about, Chris Mundy mocked two plots: Ruth Langmore's independence and Byrdes' transgressions in season 3. Well, if we're lucky enough to get a season 4, Mundy told Entertainment Weekly. I think it's about whether Ruth can really create something of her own that she wants and is sustainable, or if she wants something else. At the end of Ozark season 3, Ruth sets out with the Byrdes, after they refused to avenge their by Frank Cosgrove Jr. (Joseph Sikora). Ruth could be teaming up with Darlene Snell (Lisa Emery). However, many fans think she will build something of her own. Own. I think it will be about whether the Byrdes can turn the biggest mistake of their lives into this huge advantage, and how much will karma achieve with them if they do? Mundy concluded. Marty and Wendy Byrde are now completely involved with Omar Navarro (Félix Solís), the leader of a Mexican drug cartel. Navarro had his lawyer and ex-right man, Helen Pierce (Janet McTeer), killed in the final episode to show his loyalty to the Byrdes. Wendy demonstrated her loyalty first to Navarro by having her brother killed because he posed a threat to Navarro's business. When will 'Ozark' Season 4 fall on Netflix? The release date of Ozark Season 4 has not yet been confirmed by Netflix. The first season of the series premiered on July 21, 2017. The following season did not be uneded until August 31, 2018. So, there was a 13-month space between the two seasons. The third season was available on March 27, 2020. The second gap was much more significant than the first with 19 months between seasons. With the coronavirus pandemic (COVID-19) causing delays in the filming industry, it is difficult to predict when it will fall next season. Given all this, Ozark Season 4 will likely be available for streaming in late 2021. How many seasons of 'Ozark' are there? We've always talked about it like five seasons, Mundy said at the Milken Global Conference in Beverly Hills. It could be four, it could be seven, but that always seemed like a good number to us. The showrunner and producers are ready to give fans more seasons. It's a waiting game now to see if Netflix renews the series, and then when filming can begin. There are currently three full seasons of Ozark streaming on Netflix. Highlighting Milo Ventimiglia and set entirely in the past, Vietnam finally begins to fill some gaps when it comes to Jack's military service, and his relationship with his brother Nicky. There was a lot to process, so here are six key things I could have lost. This content is imported from the embed name. You may be able to find the same content in another format, or you may find more information, on your website. NBC Kevin contacted a man named Mr. Robinson last week, asking for information about Jack. Tonight, we met young Don Robinson (Mo'Nique), a soldier who served alongside Jack in Vietnam and shared a relationship with him alongside a good rivalry As soon as Don started talking about his post-Vietnam dreams of playing major league baseball, you had to know something horrible was coming and we're sure that we will ever recover from Jack's sight by handing Don his own cut foot.2. When Rebecca asks Jack about the war on their first date and he downplays how awful it was by telling her he was 'just a mechanic, we saw a quick glimpse of a Bloodied Jack holding someone in his arms. Ever since the shooting came just before I mentioned Nicky, many spectators assumed we were seeing a glimpse of the scene of the brother's death. But this episode includes the full version of that moment, which sees Jack quening Don after he loses his foot. Which means we have no idea how Nicky will die, or whether Jack will be there with him when he does, or even if he's really dead. If there's one thing This Is Us has taught us, it's questioning everything!3. It was Don who taught Jack to breathe. One of the most moving recurring motifs throughout the series has been Jack teaching Randall how to breathe through his panic attacks. remember the heartbreaking scene when Randall did the same to William in his moments of death? Unsurprisingly, Jack didn't learn that technique from his own father. Instead, he learned it from Don, who (despite losing a limb) takes a moment to comfort Jack while he is about to be medically evacuated. You're afraid, Pearson, Don tells Jack, asking him if he ever gets tired of acting like he's not. I've been faking it all my life. Admit Jack. In response, Don puts a hand on the side of Jack's face and tells him to breathe, telling him sometimes we're so scared that we're going to die, we forget to do what keeps us alive. Jack clearly took this with him, and years later he showed it to his son. This was so emotional! NBC 4. Jack wasn't recruited, but he voluntarily enlisted to be with Nicky. I didn't see him coming! Jack had a medical exemption that meant he avoided the draft (more on that in a second), but Nicky's number appeared. Jack has always been incredibly protective of his little brother, Nicky only halfway ironically refers to himself as Lois Lane to Jack's Superman—and so he immediately comes up with a plan to take Nicky to Canada to avoid going to war. But along the way, Nicky leaves his motel room in the middle of the night, leaving a note explaining that he's not going to run away from the draft. It's my turn to save the day, write. But Nicky still needs to be saved, at least as far as Jack is concerned. A letter arrives from Nicky stating that he is not doing well in Vietnam, has been disciplined and writes troubling phrases like I know I'm not going to get out of this place alive, and therefore Jack has to go looking for him. I just need to be where he is, even if I can't get there. him, he tells his doctor. Even if there's nothing I can do for him, I just need to be there. It's my Brother. It's my job to take care of him. 5. Jack had a long history of heart problems before his sudden death. As we all know painfully well at this point, it wasn't the house fire that killed Jack directly, but a heart attack caused by smoke inhalation. And it turns out there were warning signs. Jack has had tachycardia (an abnormally fast heart rate) since childhood, and was severe enough to exempt him from the draft. Jack downplays harmless condition when he decides to enlist, but his doctor is clearly concerned. 6. Jack's father was not always a monster. NBC This was a pleasant surprise, because Stanley Pearson has been a fairly one-note villain throughout most of the show. On the one hand, this episode offered much more painful details of how abusive the hie was to his wife and children, noting that his violence is a big part of why Jack is so protective of Nicky. There is also a brutal scene in which Marilyn, Jack and Nicky's mother, greeted the postman with a very visible bruise on his eye. It wasn't always like that, Marilyn tells her children, after they both intervened to physically protect her from Stanley. And it's true: In a flashback until the day Nicky was born, Stanley is sweet and understanding, offering fatherly advice to Jack in the waiting room. Stanley's own father's appearance, flask in hand, suggests some of his demons, yet you have to wonder what the hell happened over the next two decades to turn him into such a horrible man. I guess we'll have to wait to find out! This content is created and maintained by a third party and imported on this page to help users provide their email addresses.
