This article includes links that we may receive compensation if you click, at no cost to you. I love Amazon. Yes, I said. I bought everything through Amazon. Nowadays, can you blame me? And Shopping on Amazon is even more enjoyable when you have a gift card balance in your account ready to spend. In this post I will show you how to score a free Amazon gift card while looking for new ways to earn cash. Establishing a full-scale side hustle takes time. But if you're in a tie-up and have to make money quickly, then you've come to the best place. This post will only take 10 minutes to read, and it is the best resource available to teach you how to get a free Amazon gift card quickly. This method is all legit and will only take a few minutes to set up. The 10 Best Ways to Get a Free Amazon Gift Card in 2020 Here are some easy ways to get free money to spend on Amazon: 1. Get a \$5 Free Amazon Gift Card with Inbox With InboxDollars, you get money for small tasks like taking surveys, watching videos, and signing up for offers. You'll get a \$5 welcome bonus just to sign up. It's like no brainer. Next Step 2. Junkie Survey – Get an Amazon Gift Card by Taking a Survey There are plenty of places to take online surveys that will pay you cash via PayPal or Amazon. Not all survey sites are legit, though, so be careful. One of my favorite survey applications is Survey Junkie. Junkie Survey is a legitimate way to get extra cash while you're waiting for a bus, at your lunch break, or even when the vegetables are on the sofa. I love earning money with Survey Junkie because I wake up in the morning. I like this platform because it's easy to use, and you can take a survey on the way from your phone. Moreover, they offer so many surveys that there has never been a shortfall in money-making opportunities (some other sites only offer a few each month). You won't get rich, but you can make money or more per survey. Each will take 5 to 10 minutes to complete, and you can cash your points for amazon gift cards! Next Step Sign up with Survey Junkie Read our full review Junkie review 3. Swagbucks - Daily Rewards + \$5 Amazon Yep Gift Cards, another rewards program. But hey, when they make getting this free Amazon card easy, do not? With Swagbucks, you earn points to take online surveys, watch videos, play video games, online shopping, do web searches, etc. You can then trade in those points for gift cards. Just to sign up, you'll get a \$5 bonus. Let the Swagbucks help you put your cash (or Amazon gift cards) back in your wallet. Next Step Sign up with the Swagbucks for a free \$5 Read our full Swagbucks review 4. Get paid for Shopping with MyPoints Get paid for online shopping! MyPoints partners with over 1,900 top retailers such as Walmart, eBay, and Amazon. Sign up, make your first purchase \$20 or more, and you'll get \$10 free gift card. Next Step Sign up with MyPoints for a free \$10 Read our full myPoints review 5. Download Ibotta for Free and Get \$10 Ibotta Amazon Gift Cards is an app of cashback and rewards that starts in a grocery store but now has rewards for almost anything. Unlike some other cashback companies, Ibotta rewards you for online shopping or in-store – which I find easier for local groceries and shopping. After a visit to the mall, get the cashback! Even after shopping for some stuff on Amazon, boom! Ibotta works on iOS and Android devices, and is 100% free to use. There are no subscription fees or rejects for in-app purchases. And to finish the deal, simply by signing up you can get a FREE \$10 bonus. This can be in the form of an Amazon gift card. You can get more referral bonuses as well by inviting your friends (\$5 each). Pig Receipts work the same way so you can download both apps and cash through both the same shopping trips. Next Step Sign up with Ibotta to claim your \$10 bonus Read our full Ibotta review 6. Shop with &Rakuten Get a Free Gift Card Get a \$10 registration bonus from Rakuten that you can trade for Amazon gift cards! Rakuten (formerly eBates) is another cashback/coupon shopping site. Unlike Ibotta, Rakuten works through an online store only. But here's the pro-tip: workaround is to shop online and pick up your belongings in local stores if you'd rather visit retailers like Best Buy, Barnes & Noble, Walmart, or Kohl's. What I like the most about Rakuten is a handy browser extension that will alert you if the store you are browsing has a cashback offer. It will also automatically find promo code and use which saves the best for your cart. Sign up and get a \$10 welcome bonus today! And if you like Rakuten, give Honey a try as well. Honey searches the web and compares it to your online shopping cart that can help you save money elsewhere. Next Step Sign up with Rakuten for \$10 Free Read our full Rakuten review 7. Drop App – Get a Drop to Redeem an Amazon Gift Card With Drop, you earn points or drops with direct shopping from this fantastic new cashback app. Simply load your card details to the app and select your five favorite vendors. Once you start making a purchase through the Drop app at any of your five favorite vendors you choose, you earn points based on the amount of money you spend. These points can be used for gift cards not only on Amazon, but other great places like Starbucks or for Netflix. Or you can use your eyes to enter the single. Next Steps To Download our Drop App Review app full 8. PrizeRebel - Get Amazon, iTunes, Best Buy and Visa Gift Card PrizeRebel is another survey site. It works like Survey Junkie but tends to be easier and easier to use. I enjoyed using PrizeRebel because you can claim payments approximately 500 different gift cards. Options include a Visa gift card that you can use anywhere. Like Survey Junkie you need 500 points (\$5) to redeem payments. PrizeRebel is very simple and easy I'll probably list it higher except for one thing. The simplicity of the site has a disadvantage: you don't know when you start a survey of how much time it takes. More advanced websites like Junkie Survey tell you in advance how many points you will get and how much time you expect to spend. The Junkie survey also lets you know in advance if the survey requires some kind of supporting documentation. And, sadly, PrizeRebel doesn't have a smartphone app which means you need to be on your laptop or your phone's web browser to earn extra money for your bank account. So can watch videos or play video games. If you want a wider range of activities in one place, give InstaGC a look. Yes, you can complete a survey and watch videos but you can also test the app, browse the website, test physical products, and refer friends to get the credits you can trade for Amazon gift cards and various other types of gift cards. You can also get PayPal cash but your points will have less value if you cash it directly. Gift cards do not require payment. Next Step Read our Full InstaGC review 10. Sign up with Personal Capital for a \$20 Free Amazon Gift Card! Personal Capital, my favorite and free financial tracker app, will give you a \$20 Amazon gift card just to sign up. It's as simple as that. There's a reason I write like a comprehensive Personal Capital Review and logging into it every day. It really helped me track everything I needed to know about my money - investment performance, cash flow, budgeting, and early retirement trajectory. This is the best money application - period. Everyone is Looking for a Free Amazon Gift Card! In the online shopping age, everyone saw a free Amazon gift card offer. I know this because I am a nerd and spend a lot of time analyzing Google search engine queries to help identify user needs. I analyzed the search so I could answer the question and come up with the best solution for Millennial Money readers. Check it out, this is the most sought after phrase associated with Free Amazon gift cards: Free money code gift card Amazon free 2019 Amazon gift card review free how to get a quick free Amazon gift card code 2018 free Amazon gift card code 2019 Amazon gift cards free no survey of amazon free gift card code Free gift card applications how to get free Amazon gift card cards quickly Search on search engine Microsoft Bing is similar. But but 100,000 people search these terms every month on Google only. Obviously there is a need to learn how to get gift cards from Amazon quickly. Many websites try to answer this question. The problem is, many solutions require you to jump through so many loops to get an Amazon gift card for free. Sometimes, we need cash faster! Some websites can also be spam or invasive or simply feel invalid. Other sites require you to watch videos or play games that can take a long time. Or on some websites, it can take you weeks to earn enough points to cash in – whether you're going for an Amazon gift card, PayPal cash, or some other benefits. I've tried almost all of them so I can sort out the most legit ways of getting a free Amazon gift card. This is a one-stop shop for getting Amazon gift cards quickly. I hope you find it helpful. Get Amazon Gift Cards From Amazon Itself my best 10 ways to get Amazon gift cards doesn't include the following ways to make money because Amazon itself offers this method. But they're definitely worth mentioning and they're probably just the thing you need today: mechanical Turkish: Amazon will put you to work on doing data entry or maybe even some edit copies and then pay you with a gift card yourself. You won't get a living wage in the United States but if you're looking for extra money and you can work quickly, give Turkey a Mechanical try. Top up: If you have an existing gift card and reload it for an additional \$100, Amazon will soar in an additional \$5. This will not help if you don't already have \$100. But, if you're going to spend money on Amazon anyway, top up your gift card before shopping – a 5% salary is a nice income rate. Amazon Prime Visa Rewards Cards: This is not one you want to use repeatedly, but when you sign up for Amazon Prime Visa, Amazon will use a \$70 gift card to your account. Don't do this unless you're already shopping for a new credit card. You can lose more benefits than you earn in benefits that also include a 5% cashback on Amazon and Whole Foods purchases. Even if you only get enough to pay your Amazon Prime bill every month, you'll be out on top. Is The Online Survey a Safe Way To Make Money? Work, shopping, and online banking – all these daily activities require top notch security. Online survey sites and other ways to get gift cards online do not All websites I mentioned take reasonable security precautions to protect your financial and personal relationship data. But you'll also need to take security measures: Don't Share Your Account Details: If the site wants your bank account number or other sensitive information, just move elsewhere. You can always use PayPal transfer cash from the survey site to your bank account instead of a direct connection to your bank account. Don't Use The Same Password: It's so easy to use the same password on multiple websites – just about everyone has done it. But you really need to take extra time and effort to use different passwords on different websites. If someone gets your Lifepoints password that will be troublesome. But if the same password gets hackers into your bank account, you'll have a bigger problem. Be careful on Public Computers: There may not be a login to sensitive accounts on public computers anymore, but if you need to do this, remember to clear browsing data after you're done. If you check your Outpost Opinion balance in the library computer lab or your library or campus and password are stored in the browser, the next computer user can log on to your account as well. Safe, have fun, and earn extra money, or Amazon gift cards, in your spare time! Time!
