## Tyler classical academy calendar

[Cultivate] wisdom and virtue by feeding the soul on truth, goodness and beauty. - Andrew Kern ... where the instruction that illuminates the understanding is not separated from the moral education that changes the heart. — Alexis de Tocqueville In the grammar phase, young students are given the basic set of knowledge for each subject and the basic skills to master that knowledge. In the logical phase, the curriculum uses the argumentative ability of the older student, channeling his natural tendency to sound reasoning and careful thinking. The rhetorical phase brings to fruition the art of learning. The student begins to integrate a whole sense of life, of the world, and of his place into it. We have found that when family, church and school strengthen, support and agree with each other in the Christian and classical education of children, these young people, without fail, become excellent members of their communities, to the glory of God. We were nervous when our son started the K4 program on Good Shepherd. He had struggled at previous schools and had been fired twice for impulsiveness, poor self-control and hyperactive behavior. When we were at the end of his first year at Good Shepherd, we could not be more satisfied ... He is proud of his achievements and has developed a love of learning. We are grateful for a school that welcomes children like our son and promotes growth through faith-based learning. — Jenny, School parent Ariana SmithApril 15, 2020 Ariana SmithAugust 15, 2019 Ariana SmithJune 25, 2019 Ariana SmithApril 25, 2019 Ariana SmithMarch 8, 2019 Ariana SmithOctober 29, 2018 Ariana SmithSeptember 10, 2018 18. kesäkuuta 2019 kello 16.36 · Tyler Classical 2019-20 School CalendarAiheeseen liittyvät sivut1,6 t. tykkää tästäEducation4,4 tykkää tästäVoittoa tavoittelematon järjestö3,2 t. tykkää tästäLargest Music School in East Texas!
