The center features an arena where both Broodmother and Megapithecus must be defeated at the same time. In addition, Ragnarok features in an arena where both Manticore and Dragon also have to be defeated together. Forsaken Oasis is the boss of the arena featured in DLC: Valguero where survivors have to deal with Megapithecus, Manticore and Dragon. There is a separate arena of combat with Broodmother as well. Rockwell Arena is featured in DLC: Aberration, where survivors must defeat Rockwell. The King Titan Arena, Desert Titan Arena, Ice Titan Arena and Forest Titan Arena and Forest Titan Arena and Forest Titan Arena and Forest Titan Arena, Ice Titan Arena and Forest Titan Arena and Forest Titan Arena and Forest Titan Arena, Ice Titan Arena and Forest Titan Arena are DLC: Extinction as part of the map, not a separate part. All bosses (Titan) are invited to be on the map and not found in their arenas. VR is featured in DLC: Genesis, where the corrupt master controller lives. Survivors must be cleared enough on a mission to cause a fight through HLN-A. The location [edit | edit source] Broodmother, Megapithecus, and Dragon Arenas are followed by each of the three Obelisks. To access these locations, players must go to Supply Crate or Obelisk and put the necessary tribute items inside, then click generate broodmother portal, Generate Megapithecus portal or Generate Dragon Portal items. Currently, the portal will be opened to teleport nearby players and dinos to the observation deck. Total Tribute[edit | edit source] Tribute Requirements[edit | edit source] They do not apply to Moeder Arena or System Root access. Awards [edit | edit source] More difficulties for a particular boss will provide engrams from all previous difficulties. 2Ragnarok scene is Manticore and Dragon, which give their Tekgrams death. Compatible tamed creatures These restrictions do not apply to the Extinction Arena as the boss fight takes place inside the map, rather than in a separate section of the map Entry Restriction: No more than 10 survivors and 40 creatures are allowed, but at any time only 20 creatures can be captured in the arenas itself through warts. Most arenas are only valid in the listed arenas. For example, the Manticore Arena Scorched Earth, but not ragnarok arena, where you also have to fight manticore. The weight of the creature drag must be less than 560. That's how much the creature weighs, not the weight of carrying it, visible in its inventory and without a saddle. Notes[edit | edit source] Entrance / Exit from the arena[edit | edit source] Other [edit | edit source] Cryopod cannot be used in any parts of boss arenas. So avoid forming plans that rotate on the building. If you try to put something, the message No Earth or Moment Point will appear. Grappling hooks can be taken to the arena, but when fitted with a crossbow they can't be fired. (May be related to why Thylacoleo does not teleport to the arena.) Quetzal, while herself can be cut into the Manticore Arena, can't warts inside if she wears a platform saddle with at least one structure. All Tek tools and Tek saddles are banned mainly in the Island Boss arena (Except Tek Cave/Overseer Arena) and Manticore Arena, and trying to wear it inside when you enter will force to unequip it, or drop where the boss was invited) Item Losses [edit | edit source] You will lose summons items and dinos only after running out of time or dying through the arena. In addition, if no survivors are inside the arena, when the portal attracts dinos, all dinosaurs will die immediately. This does not include extinction arena. Composite changes[edit | edit source] Due to the harsh consequences of a failed boss fight (see bullet point above) it is highly advisable to prepare before trying to fight the boss.
