Gintama voice actors in other anime

When I look at the animation, I try to guess where I can tell this voice. In this post, Jintama main character Seiyuus (voice actor) will share some of the other characters of anim I have seen and try to include different kinds of voices. And you can get started! Seiyu: Sukita Tomokazu Character: Sakata Gotoki Animation: Gintama in The Gintama has a lot of lazy jintoki voices and serious jintoki voice after seeing Jintama and I am sure it is not an easy voice to do, for a sample of Gintoki voices. Characters: Motosu and the animated Hideki H One of the protagonists of animation K, known as K Lacey or Blue King. His voice is Sugita's deep voice, and when I later confirmed what role Gintoki seiyuu did not live it to see this one, I liked this deep voice, and now after a worrying hearing I can hear a bit of Gintoki in his voice. Here's his voice (he's a guy with ninja charm). Here for more roles of Sgita Tomokaz. Kugimiya Lee Character: Kagura Anime: The main heroine of Gintama, she's a Chinese billion, still a cute voice but not talking too much, and with that cute voice she's not afraid to say nasty things. here for her voice. Character: Alphonse Elrick Animation: The Full Metal Alchemist (Brotherhood) the main character appears along with the FMA's Edward Elik, the soul in the armor. This is an example of the kugimiya boy's voice, and I also think this is the first role I've heard of her. Character: Happy Animation: Fairy Tail Happiness is an important character as well as a kind of fairy tail mascot. A happy voice is like the voice of a cute little child. here for his voice. Character: Taika Isaka Anime: Toradora's protagonist, a violent cute girl. In this role, where you can hear Gugimiya's famous tsundere voice, Gugimiya played many tsundere characters. here for her voice. Here for more roles of Gugimiya Lee. Daisuke Sakaquchi Character: Shimura Sinfachi Animation: One of Gintama, known as the Tsukomi character and becouse, heard him scream a lot, and he didn't actually watch many animations with his seiyu. here for his voice. Character: Leonardo Animated View: When Kekai Sensen's protagonist, Kekai Sensen, is recording, he has a good boyish voice, but when he screams, I hear: D. Character: Satoshi Fukube Animation: One of Fuyuka's protagonists. The voices of the neo-waves are also a little milder, but if you still scream, they're all neo-waves. here for his voice. Play more roles for Daisuke Sakaguchi. Ziba Susumu Character: Topsy Isao Anime: One of the main supporting characters of the Gintama show, The Captain of Shinshengumi, has a bit of a harsh voice, and we can also hear him screaming a lot or talking in pathetic voices because he's more of a comic relif character. here for his voice. Character: Anime between Hikaru No Go's protagonists, he has a somewhat fetime voice and look, and I was suprosed to see Sai there when I checked Chiba for another voice. here for his voice. Character: Gunter Welkien Anime: Valkyri Chronicle Welking is the protagonist of the Valkyri Chronicle, and if Welkien sounds like a serious condo, and he screams that sounds like a condu, here for his voice. Here for more roles of Ziba Susmu. Kazuya Nakai Character: Toshiru Hijikata Anime: Gintama is one of the main supporting characters, the head of Shinsengumi, and a mayonnaise addict. It usually sounds serious, but there's still a kind of Tshikomi character here for his silly moments, also his voice. Character: Date Masamune Animation: One of the main characters of Singoku Vasara Singoku Vasara. The animation, which takes place during the Segoku period, sounds like a plain, urban one-eye that likes to add English words when he speaks, but there is a little parody here in Gintama about his voice, and also for his English story habits characters who share Toshi seiyuu here with him.: Zapp Renfro Anime: Kekai Sensen He sounds like a mainly high voice city, but still Tosh can hear very well for his voice. Character: Loro Noa Zoro Animation: One piece he is one of the main characters there, I can't see a piece but I knew Zoroama Nakai's most famous role, so I felt I needed to add here. here for his voice. Here for more roles of Kazuya Nakai. Kenichi Suzmura Character: Okita Togo Animation: One of Gintama's main supporting characters and claimed part 1 by Shinsengumi. He has a lazy way of speaking, actually I saw an interview with Gintama seiyuus and at first wanted to have a cute voice because the characters: Hijirika and Masato Anime: One of prince Utano's Sama protagonists, a serious man, so his voice is serious, and the opportunity to hear Suzumura's voice more seriously. Character: Atsushi Murasakibara Animation: Kuroko's old teammate, known as one of the Kuroku no basketball miracle generation and a tall, lazy snack lover, has more laziness in his voice. To Okita, here for his voice. Character: Mikoshiba Momotaru Animation: One of the free eternal summers is a backstruk swimmer, here for more roles of Kenichi Suzmura. Akira Ishida Character: Kotaru Katsura Anime: One of Kotoki Jintama's former comrades, Jintama is known for his serious, silly voice, but his voice has an irreverent sound that makes it easy for me to recognize his character: Zereff Animation: One of the main antagonists of fairy tails, his voice is a little guieter than Katsura's. Character: Gaara Animation: Naruto I think Gaara is one of his more famous roles, but he has quite a lot of them, but it's very easy to recognize his voice as I've said before, at least for me, so most of his roles sound pretty much the same to me, for his voice here. Character: Xerxes Relaxation Animation: One of the Pandora Hart protagonists loves a little psycho and other people's fun, his voice sounds a little more relaxed than Katsura, here for his voice. Here for more roles of Akira Ishida. Well now I'll stop, and I won't see a piece often, but I will @ part of the show soon, Tossyro completely destroying Zorro's character. Gorilla Sense :Joy: :joy: I'm a fan of Naruto, I can say the same thing to Gaara Imao and Katsura. Because of that, I can not take it seriously when talking to both Gaara and Zorro: Joy::Joy: and Kurama (nine tails) and monster Hedo: Joy:: Joy: the characters that amaze me the most will be Abuto and Giraiya. They have the same voice actors, but their zen/evil roles work surprisingly well and the two anime's are different. However, the two share a fatherly character role for Garmuy and Naruto, respectively. Nevertheless, I'm glad both Camui and Sai don't destroy lol. And Ama Dayuya and Mutz. 2-side Sawahiro, Miyuki Japanese voice actor 杉智 (1980-10-11) October 11, 1980 (40 years old) Saitama Prefecture, Japanese Professional Actor Narrator 1998 - Present Agent Muras (1998-2001) Atomic Monkey (2001-2020) AGRS (2020-present) Zitoki Sakata's Melangkoli Ganon Gurona Yozo's bizarre adventure with Joseph Jostar Party By Yuya Kizami Blazblu Ragnar With the emblem Chrome Persona 5, Kang Man-seok is the god of high school with seven deadly sins, Escanor height 177.6 cm (5 feet 10) 杉 智.co.智 Sugita Tomokazu, who was born in Samgama Prefecture on October 11, 1980, is a Japanese voice actor and commentator hired by AGRS.
