Carol lynn pearson quotes

Quote text Here you will find all the famous Carol Lynn Pearson quotes. There are more than 13+ quotes from our Carol Lynn Pearson quotes collection. We have collected them all and made stunning Carol Lynn Pearson wallpapers and posters out of these quotes. You can use it for wallpapers and posters on mobile, desktop, print and frame them or share them on various social media platforms. You can download quotes from images in different sizes for free. On the list below you will find quotes in various categories such as No More Goodbyes: Circling Wagons Around Our Gay Loved Ones, Inspiring and Poetry I Said: Mary, Tell Me Something. Why do you have this picture of the Wizard of Oz on the wall? Mary laughed at my question. Oh, that's my favorite movie. I first saw it when I was five. But it's more than that. The story is so important to my life. That big, smart wizard, you know. He's nothing. If you pull back the curtain, it's just a man. I watched people in the church my whole life as a wizard, practically god. I believed every word they said, every way they interpreted the Bible, every condemnation of the judgment of my gay son. After Bobby died, I began to study myself, and I see the Bible now through my eyes, not through their eyes. I pulled the curtain back, and it wasn't God, it was men. Tin man had a heart all the time. Leo always had courage. I always knew the truth about Bobby, but I wasn't listening inside. I was listening outside. Most of us dance along this yellow brick road to find the izard and get told about the secret. But the secret is that the kingdom of God is inside, inside each of us. This picture, I'll keep it there to remember. (49) - Carol Lynn Pearson, No More Goodbyes: Circling the wagons around our Gay loved ones When the sky is an earthquake you fall to your knees and feel through the rubble to find pieces of God. When my eternal, temple-blessed marriage was shattered, and all that was meaningful lay in a muddled splinter around me, I had to slowly and carefully pick up every piece and study it, turning it over and over again to see if it was worth keeping and using to build a new house of meaning. When I gathered the shattered pieces of God, I used only my authority, only my relationship with a divine and good, small voice that speaks inside me to appreciate them. I threw away a lot, and I kept a lot of, assembling bright pieces into one big thought. All I said was, Do I see God's fingerprints on it? Does this little piece look adorable? Is it about love? It made it easy. I had forever finished with a mad attempt to love God, who would hurt me. When I picked up pieces of god-sanctified polygamy, I smiled because there was no doubt. I thanked God of Love and threw that piece away. Polygamy: Haunted Hearts and Sky Mormon Women and Men Over The Holidays discovered the poetry of Carol Lynn Pearson, which I have enjoyed. At times he leaks over rite or saccharine, but generally I like it. There's nothing agonistic about it, which is why Terry doesn't care much about Givens. I think he is right, however, that as a model for Emily Dickinson (another poet I recently started reading) her style often saves her self-snagging. At its best, it is involving the naïve in his verse, a kind of simple purity that skates on the edge is simplistic, but manage not to be. Sometimes there are even surprises. Think about it: another birth I didn't bring to birth - forging my spirit with flesh. As the moment approached, I think I held my breath (When spirits breathe) and made a reverent dive into the incarnation of mortality. Yes - Even without remembering I know admiration, amediku. Because I'm standing staring at another birth that inflates the beginnings of my heart with immense. The moment I was born a woman- given another body and another life. When I started reading this poem, I thought it was about childbirth. Its structure seemed predictable to me, telling the birth story from both sides of the veil. Then in the last row, I find out that birth is not a child, but a marriage. Forging the spirit of the first line with flesh gives marital meaning in the final rows when the speaker receives another body. For me anyway, the poem has a twist at the end. Along the way, it manages to pack pictures of Dickinson in fashion. For example, diving in the middle evokes images of diving into the water, baptism and even the water of birth. Finally, there is the wonderful Mormon sensibility of the whole poem. For me it shows up less of the subject pre-existence per se than in brackets (When alcohol breath). There is a literal word in this phrase that reminds angels of giving instructions to the plates and Joseph on how to test the test of angels or satanic spirits. Nor can I help, but reading images of ghosts, bodies and forging covertly sexually, but sexuality associated with physical religious enthusiasm. In general, Pearson is not deep well, which I see myself back again and again, like Milton or Wordsworth. He is, however, at his best well-maintained flower garden.
