I learned how to properly drive SFST in the field, as well as learning how to determine if a person was impaired based on the driver's behavior. The training culture was excellent, the instructors were always happy to listen to any questions. The most difficult part of the training was to examine the steps to properly carry out the SFST. The most pleasant in training was the schedule. It was very well combined with breaks every 55 minutes, so it helped to be able to maintain concentration and learn the material.\$ 200 - I paid for it myselfI was, I recommend this program to a friend.
