By using our site, you agree to our information collection using cookies. To learn more, check out our Privacy Policy. x Start by reviewing the theory and practice of group consulting Good for its intended purpose as a master of level textbook. I'll keep it and refer to it. Good for his intended purpose as a master's degree textbook. I'll keep it and refer to it. ... more Useful overview of the main theoretical schools in psychology counseling and their adaptation of group therapeutic work. There aren't many high or low points here. It really draws heavily on some of the world's new existing journals, such as Yalom, though, as is often the case, it gives a brief swing to old world doctors or off-shoots of these and other theoretical schools. I'm sure it's because they're written and for American students, not European students. It would be interesting to see a comparison of between Useful overview of the main theoretical schools in psychology counseling and their adaptation of group therapeutic work. There aren't many high or low points here. It really draws heavily on some of the world's new existing journals, such as Yalom, though, as is often the case, it gives a brief swing to old world doctors or off-shoots of these and other theoretical schools. I'm sure it's because they're written and for American students, not European students. It would be interesting to see a comparison between what is commonly used in programs here in countries and what is used in castle programs abroad. ... more useful. The student manual also has very useful information, provides the same information, but more concise, and also has suggestions and recommendations that do not appear in the textbook. Useful. The student manual also has very useful information, provides the same information, but more concise, and also has suggestions and recommendations that do not appear in the textbook. ... more Good book for a lecture, although I wouldn't recommend it for fun reading. It's a good book for a lecture, though I wouldn't recommend it for fun reading. ... more mengenjangkan sekalus menyanangkan. ^ Page 2
