Eric cohen student health contact

KECK STUDENTS: Keck students should call the Eric Cohen Student Health Center (ECSHC) immediately for counseling – (323) 442-5631. If the clinic is closed, you should call the needlestick hotline at (323) 442-7900 and leave a message. A provider calls back within 30 minutes. The ECSHC assumes all costs related to needle stitches and... Read more

– USC Student Health is committed to providing you with the highest quality primary care while studying at USC. Our goal at USC Kaufman is to keep students healthy and dancing throughout their college and professional careers. Annual wellness screens are mandatory for all freshmen dancers and highly promoted for upper-class students from the academic year 2020 all BFA dancers must complete their annual wellness screen inside. Currently, the Dance Medicine program offers 20-minute individual wellness appointments and 30 minutes of individual injury appointments for physiotherapy. These dates are provided by USC Kaufman. Wellness dates are planned for dancers who do not have to modify their dance in class or during rehearsal, but want to learn technology, strength or flexibility. Physiotherapy injury appointments are planned for dancers who have pain beyond muscle soreness and require changes in class, rehearsal, performances or everyday life. If you are not sure what date you want to schedule, please make an appointment for personal injury. Together with the Dance Medicine team we will keep you dancing through the semester. Please visit to arrange your appointment with Marisa Hentis and Andrew Tai. All events take place in the fitness zone. Students who take at least six units are covered by a Student Health Fee, which covers most elementary school visits to engemann and Eric Cohen Student Health Centers, as well as an initial counseling visit with counseling services, access to RSVP services, X-ray and wellness services from the Office for Wellness and Health Promotion. Some services may have nominal co-payments and fees (i.e. USD 15 for PT appointments). The Student Health Fee does not cover services provided outside the Student Health Center. Therefore, you must also have health insurance, either through the USC Aetna Student Health Plan or your family plan. Billing consultations and treatments can sometimes be complicated if you don't have the USC Aetna Student Health Plan. However, USC Kaufman's dedicated wellness team will work with you throughout the process. USC Student Health Provides Primary Care and Special Care and Services various resources. Special care includes acupuncture clinic, allergy clinic, musculoskeletal chiropractic clinic, dental clinic, dermatology clinic, immunization & compliance clinic, nutrition services, Services, occupational therapy services, travel clinic, physiotherapy clinic and much more. Students often need a referral from a GP to see a specialist. Make an appointment online or by phone at (213) 740-WELL (9355). If you feel sick after regular business hours, call (213) 740-WELL (9355) to contact an on-call doctor or nurse. Online self-help resources include videos, links, and more. USC Counseling Services provides a range of resources to help students achieve their academic and personal goals, including: Immediate support for students in crisis. Plan a consultation online by phone. A USC Kaufman staff or instructor can also go to the counseling center with you if you need to be seen immediately. Individual advice on a short-term basis Group consultation and workshops, including new Feel Better Drop-in workshops on Thursdays at 4 p.m. and Let's Talk: International Student Drop-in workshops on the 3rd Wednesday of the month. Psychiatric Services Relationship and Sexual Violence Prevention and Services (RSVP) provide immediate treatment services for situations related to gender and power-related harm (e.g. sexual assault, domestic violence, stalking). In case of emergency or if you need immediate help, call (213) 740-4900 (after hours press 0 to speak to an on-call consultant). RSVP standby consultants help discuss medical options, rehabilitate reporting, and provide crisis support and advocacy. For immediate medical assistance after an attack, you can visit Santa Monica Rape Treatment Center, 2477. The address is 1250 Sixteenth Street, Santa Monica, CA 90404. Call the center directly at (424) 259-7208. Please note that a Counselor for Prevention and Services of Relationships and Sexual Violence may accompany you, and it is recommended that you speak to one of our confidential advisors to guide you through this process. Call (213) 740-4900. All content discussed with these consultants will be treated confidentially. Trojans Care for Trojans (TC4T) is an initiative within the Office of Campus Wellness and Crisis Intervention that enables USC students, faculty, and staff to take action when they are concerned about another Trojan facing personal difficulties. This private and anonymous request form provides Trojans with the ability to help another member of the Trojan family. Student leave: Students who consider it necessary to take time out of their studies can advise their major. The Leave of Absence process facilitates the transition for students, both at the time of their leave and after their eventual return to university. Students who want to return to USC should read the Leave Manual. Students who do not return to USC should follow the university's withdrawal guidelines. 12 Step Recovery Recovery Anonymous): Alcoholics Anonymous is a twelve-step program that offers a process of recovery from alcoholism. USC provides a home for 12-tier groups at the University Religious Center. Several AA and other 12-tier program sessions are held each week, providing a solution for anyone who is curious, perplexed, desperate or hopeless about their alcohol or drug abuse. The meetings are public, but they offer an anonymous environment in which people can turn their lives around. For more information about AA on campus, contact ori@usc.edu. For more information about other AA-based recovery programs, contact The Haven at USC at 310-822-1234. My Student Health Record (MySHR) makes it easy to manage your health, find great care and see everything in one place. Schedule Health Center Appointments online Register for SMS appointment reminders Correspond with your provider with secure messages Inform yourself about your vaccination history and compliance Fill out the required forms before your appointment Edit your local address and phone number (health center entries only) MyShr Login In case of a life-threatening emergency Please send your comments, compliments and concerns via our online form. Feedback University Park Campus 1031 West 34th St. Los Angeles, CA 90089 Directions Health Sciences Campus 1510 San Pablo St. Suite 104 Los Angeles, CA 90033 Directions Join Dr. Sarah Van Orman, Chief Health Officer of USC Student Health, for January 2021 updates on the current situation in Los Angeles County (including the 10-day quarantine for people traveling from outside the Southern California region), COVID-19 spring tests at USC, and the vaccine phases, as it applies to California and campus. If you are informed that you are exposed to a COVID-19 person, you may have a shortened quarantine period of 10 days from the date of exposure. Your instruction letter from USC Student Health contains the date and instructions for self-monitoring, 213-740-9355 (WELL). You can access your test results, data and other private health information through the secure electronic health data portal, MySHR (usc.edu/myshr). When the USC Student Health team member contacts you, they focus on only one thing: keeping you healthy and protecting your friends and staff from COVID-19. Team members who are health professionals will ask about your symptoms and have been in close contact with others who may have been in close contact with during the time you have been in. Your patient privacy is important to USC Student Health. Your name will not be shared with those who are notified. For the beginning of the In January 2021, usc's Keck Medicine, in partnership with 24-hour campus operations teams, announced a plan that will greatly scale our community monitoring. Is. for COVID-19. The test capacity for autumn 2020 was 5,000 tests per week; for spring 2021, the capacity will be expanded to 100,000 per week. An expansion of 50 healthcare posts, including additional contact tracking, will support this daily testing operation with sites in HSC (Pappas Quad) and UPC (Pardee/Marks, Fluor/King, Jefferson Lot/Engemann Plaza and the addition Of The Lab/Figueroa). For students, faculty and staff planning to travel to China, please note the test requirement that from 0:00 am on November 6, Pacific Time passengers whose final destination is China (except Hong Kong, Macau and Taiwan) must present a negative test certificate for nucleic acid and an IgM anti-body negative certificate to the Chinese Embassy/Consulates in the United States. The full directive is online from the Embassy of the People's Republic of China. Students who need to find a local service to meet these test requirements can use USC pharmacies that are now conducting IgG/IgM point-of-care tests. The cost is 25 USD; the test time is about 15 minutes and the patient receives the results. Kroger Health COVID Care, which is located through Ralph's Supermarkets in-house pharmacy services, also offers services. Over the past week, the number of COVID-19 CASES has increased, both for students and for employees; There are currently 29 active patient cases, up from a low of 8 average weekly cases two weeks ago. In addition to the cases where there was a clear exposure (a total of 15 minutes or more, within 6 ft., over a period of 24 hours) to someone who is positive with COVID-19, there was also an increase in positivity in the monitoring tests of persons without known exposures. In many cases, transmission was carried out through close contact with only a small number of people – small gatherings with family and friends, study groups and travel. All news
