APA Digital makes no claims about the copyrighted material used to create this application. Update: We added two newer banners and modified the rewarded video options to allow more than one video view in a single session. Get it from Google Free Download Android DBZ Dokkan Battle Summoning Simulator and ApkOnline.net Greetings Due to the many requests for the mobile version, we are now pleased to announce that we have developed a simulator (web-based) that works on mobile devices. I am eagerly awaiting your comments. Over time, we plan to add more features to our website. Special thanks to Renzy for keeping dbz.space and Coent simulator again. summoning simulator.herokuapp.com/ Disclaimer: I will try to be accepted by Google AdSense to help pay for upgrades/servers. The influx of people can overload the server and we hope to be able to solve this problem by upgrading. The app is hosted on a free tomcat server provided by Heroku. We hope that donations and future ads will allow us to host on paid servers to speed up loading and reduce server crashes. Through your generous support, I will provide updates. Thanks and happy summons! Here is the original post from the previous simulator: Page posted by 111 comments comments 21 years ago
