Leadership theory and practice 6th edition

Direct link number: ED553185 Record Type: Non-JournalPublication Date: 2012-FebPages: 504Abstractor: As in 1-1-1-0340-9ISSN: N/ALeadership: Theory and Practice. Sixth Edition, Peter G.SAGE Publications Ltd. (California) accredited in more than 1,000 colleges and universities around the world, the market's leading text owes its success to the unique way it combines an academically strong account of key theories and leadership models with accessible style and practical exercises that help students apply what they learn. Each leadership class: Peter Northus's theory and practice follows a consistent format, allowing students to compare different theories, and three case studies in each chapter provide practical examples of each theory or theme discussed. The sixth edition adds an important new chapter on server leadership. The list of references, the author's index, and the subject index are included. Descriptions: leadership, practice relationship theory, models, educational theories, learning activities, case studies, demonstrations (educational), leadership patterns, textbook content, book reviews, books, social exchange theory, transformative leadership, teamwork, women's studies, cultural context, ethics, personality theories, personality traits, leadership qualities, responsible behavior, skills analysis, organizational theories publications. 2455 Teller Road, Thousand Oaks, CA 91320. Access to resources available only to faculty and administrative staff. Do you want to explore the book any more? Arranged review copy of the author. Peter G. Northouse, Ph.D., is professor emeritus of communication at the School of Communication at the University of Western Michigan. In addition to publications in professional journals, he is the author of Leadership: Theory and Practice (now in its seventh edition), introduction to leadership: Concepts and Practice (now in its third edition) and co-author of Health Communications: Health Professionals Strategies (now in its third edition). His scientific and curriculum interests include leadership models, leadership assessments, ethical leadership, leadership and group dynamics. For more than 30 years, he has taught leadership, interpersonal and organizational courses for both undergraduate and postgraduate students. He is currently a consultant and lecturer in leadership research trends, leadership development and leadership education. He holds a Ph.D. in speech communication from the University of Denver, and a master's degree and a bachelor's degree in communicationeducation from Michigan State University. Review: This is a great textbook that provides basic theories of leadership. The book strikes a critical balance of providing scientific research and practitioner perspectives. Case studies, classroom activities and leadership surveys provide an integrative perspective of individual, team, organizational leadership styles and methods (Mira Alagaraja 2011-10-28) What a great resource! Big book - great case studies for students - easy to use. My students are fine this book is very sharpening and readable. I describe this book as a little background what leadership is. This book is one of the rare book that offers the leadership of a new server for both teachers and students. (Dr. Auris Guillaume 2012-02-14) Essential Work; (Paul W. Decker 2012-03-09) provides comprehensive and concise coverage of many leadership approaches. This text has the best on-line support for teachers and students I've ever seen. (Tom Taylor 2012-03-09) What a great resource! Big book - great case studies for students - easy to use. My students find this book very sharpened and readable. I describe this book as a bit of a background for what leadership is. This book is one of the rare book that offers server leadership in a new form for both teachers and students. (Dr. Auris Guillaume 2012-02-14) about this title may belong to another edition of this title. Academia.edu uses cookies to customize content, personalize ads and improve the user experience.
