READ Lucky Patcher APK Download for AndroidRelated: Movie HD is a great app to watch movies and TV shows. The regularly updated content makes it the best on the market, but nothing is perfect. The same goes for Movie HD. People are faced with a common problem called No Connection Error. What is Movie HD No connection error? Movie HD No Connection Error is often faced by users in Movie HD APP, Sky HD App and Mega Box App. This error keeps users away from enjoying their favorite movies and TV shows. Many users face no connection error on Movie HD/Sky HD and Megabox. The method used in this message can also be used to prevent Sky HD from solving a connection error and MegaBox no connection error. How you don't mistake for trying again on? I decided to look for a solution. While I was trying to find the solution, I came across many articles from different authors, but they all wrote about the same fix. Use mft installer to fix that problem. But that's just fake; It doesn't work at all. Error movie HD No Connection Retry May Not Be in any way using the MFT installer, because it is actually the server problem of Movie HD/Sky HD, not your phone. So now, you know the problem is not with your phone, but instead, it is with the server of Movie HD App / Sky HD App. Anyone who has a little knowledge about how the Internet works will relate to this. Sometimes it can be a problem with your phone; I'm talking about network problems here. So here's how you could do this, check the internet connection of your device Make sure you are connected to the internet. Wondering how? If you just faced this problem and thought to google over and came across this article, your internet probably works fine. However, you want to make sure that by randomly typing something into Google, if Google gets you the results, the internet works fine on your device. If you're using mobile data in your phone to connect to internet or Wi-Fi in either case, I suggest you turn off mobile data or Wi-Fi and turn it back on at the back after some time, say 10 sec. Couldn't the Internet work? No problem, if you are on mobile data, I would suggest that you restart your phone, and if you are on Wifi I suggest that you restart the Wifi Router. This has worked in most cases. If restarting your phone or modem hasn't solved the problem, I suggest you get immediate help from the Cellular/Broadband network. Are you using the latest version of the Movie HD APP? Movie HD shows for available updates in the app itself when it is available. The old version of Movie HD is not activated without a connection error. You can download the latest movie HD APK from here and check if it has solved the problem. Have you signed in to your Google Account? Movie HD now requires you to sign in with a Google Account. I know this isn't right, but it's not in my hands. You won't get a connection error on the Videos tab of a movie or TV show if you haven't signed in. This problem started with the movie HD apk V4.7.3. Last solution If your device has a working Internet connection and you're using the latest version of the Movie HD app, you won't solve the problem of the movie HD No Connection Retry Error in any other way. Its definitely Movie HD App server is down. Wait for the server to work again. Wrapping Up, So in this article, I shared all the methods in which you can fix Movie HD No connection error.
