The Gul Ahmed eid 2015 Chiffon Embroidery collection has been launched. The title of this collection is Gul Ahmed Festive Eid Collection 2015. Eid is reaching out to us, now, in just a few days and although girls have completed much of their eid shopping, but still shopping fanatics still want new garments for eid, but they are in a dilemma because no clothier will choose blood clots now to stitch. For them, Gul Ahmed Festive Eid Collection 2015 is the best option Season, because in this eid costume piece you will get all kinds of women's garments. It's an exciting time of five years, where all Pakistani design brands began to launch their Eid collection and this time Gul Ahmed beat all the great designers with it. But that's not the only interesting thing, this time Gul Ahmed has made their collection different from the standard. This time Gul Ahmed released the complete chiffon and cotton silk suit, before Dupattas was once chiffon and silk paired with shirts and trousers, this time also available options as well as Dupatta, Shirts and Pants as chiffon or cotton silk. Just amazing!! The design of their pieces is normally breath taking but this time Gul Ahmed has stepped it up a notch and launched a collection that is beyond belief, it is gorgeous. I've shared my top picks from the collection and the ones I think are unique to this collection. I've also made my top picks from their Summer 2015 Episode 2. Chiffon Embroidery Collection C-269 I love the green shades of the sea in this suit, I feel like they add size and perfect for summer. C-344 What I like about this outfit is how the middle panel is decorated with sequins, making you stand out that bits are smaller but not OTT. C-358 Once again this figure has elegant shades of blue with Ombré effect and additional silver embroidery. I for a love Ombré in the summer it adds such a sensual effect. C-362 I like this shade of yellow/mustard, it is a really unique piece from Gul Ahmed because from my experience it is difficult to find such a piece of yellow/embroidered mustard. The white embroidery and maroon details really complement and tie in this outfit. A very good performance to Gul Ahmed on this piece overall. C-366 I'm just a sucker for pink, orange and white combinations and I also like intricate details so I totally win over. C-367 What an elegant outfit, it has a royal feel about it and I have never seen such a model released by Gul Ahmed before. Embroidered Ecrú White CL-111 Collection with gold detailing is just life, perfect for summer to make a statement with understated combinations of colors. CL-116 I also love black and gold but like it for autumn/winter, but if you like black this is for you. It is gorgeous regardless. CSS-1 Embroidered Cotton Silk Collection A burgundy/maroon piece with a unique monoc monoc monochrome Dupatta. I like models on shirts but I also like the way Dupatta is not too in your face because of monochrome. Chantilly Embroidery Collection The next designs are timeless pieces because of color and design, so something all ages can wear as well as it will never go out of trend. It's an investment if you ask me © CT-102 CT-130 CT-138 Embroidery Silk Collection DGS-36 Love the combination of digital printing architecture on Silk combined with another wise neaurtal dress. SS-66 I would love to recreate the shirt for this but instead of making pants so wide I wanted either cigarette pants or churidar, I also loved silk dupatta, the design was just so elegant. PM-75 Premium Embroidery Collection I like the simplicity of this design but also how it will make you feel special because of the work done on Dupatta and details on shirts. PM-100 I like the embroidery style on shirts and Dupatta. It really looks incredible. PM-103 Roses + Flowers = Summer LOVE SL-209 I liked what they did with pants to go along with single shirts. Adding Jamawar Material to any outfit makes it stand out and having Jamawar as the pants are sure to make you stand out. SS-53 I'll make a bold statement here and that's from the whole collection and from all gul ahmed collections past I don't think I've seen such a gorgeous outfit. It's like it's from a fairy tale, I head on healing in LOVE with it. SS-70 SS-75 I like fully embroidered shirt with silk printed dupatta. It makes the dress a lot more interesting. These are just my favorites from the collection, they have a lot more gorgeous outfits in this collection. What I'm going to say is this time they just released embroidery pieces for Eid and I missed seeing prints just like the festival collection years ago, but I guess it's Eid so it's okay.
