Game name : Cytus II Developer : Rayark International Limited Category : Music Last updated : December 22, 2020 Size : 70Mb Latest version : 3.6.1 Requires Android : Root / No root device Google Play : After the success of Cytus, DEEMO and VOEZ, it's time for Rayark International Limited to introduce its fans to a whole new game. And that's exactly what they've done. With Cytus II players, they have the opportunity to make a new trip with their favorite characters from previous games. Learn more about this amazing game from Rayark International Limited with our reviews. The StoryPlay is made as a sequel to the first Cytus game and has all the existing characters as well as new ones. The events of Cytus II take place in a distant future, where humanists have developed an online system that has so evolved to the point where life in the real world and the Internet world has synchronised. This completely changes our old lifestyles and brings a new time. In this mega-cyberspace, DJ legend Æsir is a real force. Legends say his music has the power to touch people from deep inside and make them fall deeply in love with it. However, his identity has always remained hidden and no one could trace him. Suddenly one day, Æsir informed the audience that he was holding his first mega-virtual concert. Æsir-FEST. With the famous and the DJ promised to be part of the show, it has become a real phenomenon and it attracts the attention of every citizen of the Earth. Tickets have been sold out since the early stages of people dying to join the event and see his true face. At the start of the opening ceremony in just one hour, this even beat the world record for most simultaneous connections. People from all over the world want to see the real face of Æsir. But what they don't know is that a bad plan was placed on them as they waited eagerly. Here you'll find all the amazing features the game has to offer: Enjoy the game with favorite characters from previous games. Experience their individual adventures as you reveal the slowly hidden secrets behind all the plans. With each character, you have the opportunity to participate in a whole new mechanics and gaming. To make the game as interesting as possible, cytus II players are allowed to use simple and intuitive control options in battle and after. With simple and touch-based games, the gameplay notices that the gameplay is frozen in rhythmic action. In addition, players are also allowed to customize the interface, which allows for more comfortable gaming experiences. However, you can easily resize the buttons as well as visual effects to suit your taste. And as before, the game has a unique Active Judgement Line rhythm style where players have to select notes when the Doom line crosses them to follow the beat. The further you go, the faster the music is and you are more immersive in gameplay. This allows you to play a furious and inspiring touchscreen that you probably won't see in any other Android title. To test your skills, Cytus II players have the opportunity to take over 300 different levels. Every level is designed to be more challenging and exciting than the other, players are sure to have fun. As you progress in Cytus, you can also smooth out your character to unlock some of the hidden features of the game. Here at Cytus II, you have access to a large library with over 100 high quality pieces composed by famous artists from around the world. Enjoy music in different genres without any limit when listening to rock, pop, electronic, classical songs and so on. In addition to this, players can choose their own song when they participate in the levels of Cytus II. Enjoy listening to your favorite songs. To encourage players to break their own limits, Cytus II players can challenge their own record and earn valuable rewards when you beat them. Follow a fascinating story And to make the game much more than the average rhythm game, Cytus II offers the perfect story of exciting events. Enjoy text-based conversations and stories as you progress mega-kyberavaruudessa mega-kyberavaruudessa II.Cytus II is one of those games that you can play dozens of times without feeling bored because the game offers over 300 different levels. And as if that wasn't enough, you can also choose to play the game in different troubles. Select from three Easy, Hard, and Chaos levels to experience the level over and over again. The game has beautiful hand-drawn graphics that, combined with a text-based story, provide you with the most perfect experiences. On top of that, great and accurate visual effects in rhythm matches make you feel like you're really immersed in the cyberspace it offers. Beautiful soundtracks and the music of the world's best producers will surely satisfy you. In addition, the theme's sound effects make the game perfect to enjoy with headphones. The APK will install it on your device. Extract the OBB file to /SDCARD/Android/obb/com.rayark.cytus2. Make sure the OBB file (main.25681200.com.rayark.cytus2.obb) is located in the com.rayark.cytus2 folder. Start the game again. Enjoy! For those looking for a good rhythm game, Cytus II is undoubtedly your best choice. At well-designed and exciting levels, the game offers entertaining experiences like no other. Other.
