We had a great stay at Bow House on July 6, 2020. We needed fuel and pumping out the fuel dock staff was very helpful. We will certainly visit again by June 28, 2020 first good mkh. The facilities are great, the fuel prices were great and the mates working at the gas dock were super helpful. Now, not so good. We have a 51ft boat and were assigned the last slip on the outside which is a 40ft slip. Usually we don't care, but there's a lot of dock space inside for the 51-foot boat and there's been a terrible rainstorm.It was good to be in a place where you can connect properly. We were still charged with 51. To get it up from the boat next to us, allowed their few dogs to be [email protected] all over the bow and fore deck for days and didn't mind cleaning it up. Disgusting!!!! Marina's reaction: Hello, thank you for your kind words about the marina staff and facilities. We are dealing with the problem of dog poo on the bow and fore deck of the boat next door and this should not be a problem in the future. The dock space you saw inside belongs to a permanent mooring tenant who was out cruising. If you have any concerns about your slip, please do not hesitate to contact us when you arrive in the future and we will help you the best we can.
