Talladega city schools calendar

December 4, 2020 Dear Parents, Thank you for your patience as we make plans for the second semester of this school year. Current data indicates an increase in positive COVID-19 cases both nationwide and across the country. Health officials in Alabama are extremely concerned about the impact of the recent Thanksgiving holidays and the upcoming Christmas season on the current COVID caseload. In an effort to promote the highest level of safety and well-being among students, teachers and staff, Talladega County Schools will remain on the blended learning model until the end of January 2021. Students currently attending the Beacon Virtual Academy can stay as full-time remote learners or return to school on the blended learning model by completing a BVA intention form. The third nine weeks start on 5 January 2021 for mixed and remote learners. Moving forward, social distancing will be practiced as applicable to other safety protocols while maintaining a robust academic programme. Masks/face coverings will be required for all students six years and older. All sanitation practices will remain to ensure the venerability of both our school facilities and school buses. The ultimate goal is to return to traditional school once conditions are favorable to doing so. Additional information will be collected and reviewed in late January and will determine the schedule for the rest of the year. Please stay safe in the days to come. Sincerely, Suzanne Lacey, Ed.D. Superintendent Don't show [x] again It's our vision that students will reach their maximum potential in an ever-changing world and transfer learning to life. The mission of the Talladega City School System is to create a culture of learning that provides opportunities for high performance, a foundation for lifelong success, and to be proud of our students, parents, employees and community.
