Helmsley medical tower

1320 York Ave., New York NY Upcoming Events Latest Activity X Our commitment to cleanliness is stronger than ever... As has been our tradition for a long time, Helmsley Medical Tower Guest Facility maintains the highest level of cleanliness throughout the COVID 19 pandemic. We consult with experts in the New York-Presbyterian Environmental Service and the Department of Disease Infection Control about best practices, strictly comply with CDC guidelines and maintain an ongoing dialogue with professionals at Ecolab about the most appropriate disinfectants to use. Here are some protocols that you may notice have changed since your last visit. The threshold for the number of lifts has been lowered so that fewer individuals will travel together in each car. Hand sanitizer stations are found in our common areas for guest use. The increased frequency of disinfectants in common areas began at the beginning of the pandemic and remains where Gloves, masks and hand sanitizers are placed in each guest room for your personal use. Fogger is used to disinfect the room followed by all hard surfaces cleaned with a multi-surface disinfectant. The room was then cleaned following our standard protocol. All high touch areas were cleaned at the last time as the beginning of the pandemic and remains where Employees will wear masks and gloves as they clean each room. We will continue to monitor and update our solutions as we focus on the health and safety of our guests and partners. We look forward to hosting you. Our facilities cater exclusively to patients, their families, and those affiliated with medical institutions in New York City. The world-renowned hospitals are all within a block of our facilities which include New York Presbyterian, Sloan Kettering, and Hospital For Special Surgery. We offer studios, suites and 1-bedroom apartments complete with full-size kitchens, a combination of living/dining rooms and one or two double beds. The kitchen is equipped with a standard size refrigerator, stove, microwave, cookware, coffee maker, and cutlery as well as service for four people. By clicking 'Book Now' you confirm the recording guest is affiliated with a local medical facility. Feel free to make a reservation at NYPGF.com or call 800-HMTOWER (468-6937) Upon arrival, guests will be required to present a photo identification along with the primary credit card to secure payment. Smoking is strictly prohibited and pets are not allowed. During your stay at The Helmsley Medical Tower, you will enjoy special facilities including: concierge service/doorman 24-hour daily housekeeping Access to NY Health and Racquet Club (76th and York) Free Wireless Internet Access Fax copy services High Definition Cable with 20+ On Demand Channels, HBO and Showtime Designer line of aromatherapy soaps and shampoos Card-operated Menu for guests staying more than 14 days Parking is located in our underground garage at 507 E. 70th St. between York Avenue and FDR Drive. Take the elevator to the hotel lobby floor. Upon check-in, we will give you a daily discount of \$7 Click here for driving directions Weill Cornell Medicine Samuel J. Wood Library Medical Center Image: The Helmsley Medical Tower opens at 1320 York Avenue. The hotel has 520 apartments for nurses, staff, patients and their families, plus a doctor's office and retail store. (Architectural drawings from Schuman, Lichtenstein, Claman, & E'fron.) Studio unit: unit 415 s.f.One Bedroom: app. 600 units s.f.Two Bedroom: app. 995 s.f.Three Bedroom units: app. 1200 s.f. The number of floors above ground should include the ground floor and be the number of main floors above ground, including significant mezzanine floors and the main mechanical factory floors. Mechanical mezzanine should not be included if they have a much smaller floor area than the main floor below. Similarly, mechanical penthouses or plant spaces that stand out above common roof areas should not be counted. Note: The number of CTBUH floors may differ from published accounts, as it is common in some regions of the world for certain floor levels not to be included (for example, levels 4, 14, 24, etc. in Hong Kong). Very very beautiful experience. A blessing to be so close to the hospital. The staff were very accommodating and helpful. We checked the day before the operation, which made pre-operative preparation easier. Because Helmsley accommodates families and individuals who are there for medical reasons and procedures, they don't levy NYC room taxes, which is very substantial. Well, it took me a while to get around to writing a review about where we stayed while in NYC. There were ups and downs to stay in NY but our stay here was complete up. It was just a mixture of informality, cleanliness, comfort and proper support by the staff. Everything was clean, everyone was polite and helpful. Really, I can't think of a weakness to this place, except the location is not what you're looking for. It's in the UES in the hospital corridor, far away bright lights and commotion Broadway.) Broadway,I definitely stay here again, if i can afford it, because it is a house away from home. As I said, everyone was polite and helpful. I wanted to get Jonathan out because it was amazing. What a beautiful human being he is, really. Oh, really.
