Hex dumbbell set with racks

Create your own freestanding weight training system with CAP Hex Dumbbell Set, 5-25 lb pairs with Rack. This kit can be used for both upper body and lower body to improve all muscle groups. The CAP gir kit is made of high quality cast iron core with a dense, durable coating. The coating helps protect floors and equipment from potential damage. The handles are made of hard steel. Each gira is designed with a unique hexagonal shape so as not to roll. The kit comes with a pair of 5-25 lb girls and a 20 Cap barbell two-stage storage rack. The shelf can easily fit additional barbed, if necessary, for extra convenience. Weight dumbbell set with rack Can be used for both upper body and lower body to strengthen all muscle groups Hexagonal shape of these bracelets are designed to prevent dumbbells from removable coating to protect floors and equipment Made of hard cast iron with steel handles The set includes a pair of 5-25 LB, with CAP 20 2-tier Rubber Rack Hex chews are a great compliment to any gym. Beginners get a good spread of lighter weights and advanced trainers have access to lighter girls to heat ups, rehab work and so on. The weights are welded in place and use a durable rubber housing.
