Asphalt 7: Heat - driving race for Android from the company Gameloft, which gave us hits, would be Gangstar Vegas Despicable me. The seventh edition stands out from its predecessors and other great graphics racing games and you have a huge fleet of cars from popular brands. The gameplay in the new version is a more interesting and varied. All the pieces are scattered in fifteen cities, and each of them absolutely unlike any other. During the race, often changing the weather conditions, which gives the game a dose of realism. Asphalt 7: Heat there are several modes including career and multiplayer are of the greatest interest. In the first mode, the user will have to go the hard way from rider-amateurs to real professionals. Developers have created about 150 tests and 15 tournaments, for which performance is calculated in the game currency. On the money you earn you can buy new cars and all sorts of improvements to them. Fans of online fights got to appreciate a multiplayer mode where you can compete against players from all over the world. There is another fast race mode, where the user can choose the best car and the desired track, and just enjoy the game. In this race there are four control options: gyroscope, steering wheel and pedals, touch-sensitive buttons and combo. The visual part of the game is satisfactory, so perfected to trifles. Fans drive under the big music will enjoy new soundtracks. Asphalt 7: Heat is a worthy sequel to the cult arcade racing game. The updated graphics, a series of superb trails and the well-thought-out story will delight not only dedicated fans of the series and new players who are just beginning to get interested in this genre. Break the road and turn up the heat with fast racing cars in asphalt 7: heat. Experience high-speed racing in supercars that will take you on amazing adventures around the world. Including both solo and multiplayer modes online, Asphalt 7: Heat will test your skills as a racing driver. Single-player Career mode has 150 different events on 15 different tracks. You will start career mode with most cars locked. Starting from simple cars you have to learn game modes and garage details. As you earn more races and earn credits that will Unlock bigger and better cars. To earn max stars and credits you will have to win races while fulfilling Tasks. would be the first position for three stars, the drift distance for one and the ramp spins for one making them 5 stars for a perfect race score. Asphalt 7: Review of the heat game If you have not tried previous or newer rates of asphalt, then we recommend starting from asphalt 7: Heat. Your car will automatically accelerate if you do not press to brake. Tilting the device to the left and right will control the direction and drift. You can kick off a drift by touching the brake while turning. Another quick spike on the brakes will stop the drift. Touching on the right half of the screen will trigger nitro pulse. A meter at the top of the screen will tell you how much nitro you've got. Drifts and other stunts bring you nitrofuel. Once you pump the steering nitro will become distance. It is recommended to punch nitro on a straight patch. If you need to make a turn, tap the brakes to finish the nitro and get into a drift. Track selection, graphics and high-speed music make the game super fun. There are regular circuit races with a few laps, elimination modes, drift loads, a demolition mode called beating them all, and challenging point king hill mode. Crashing other players and beating them will fill the nitro tank. It's a fun game with a big fan following. To download the game just click on the download button above to start downloading.
