Tom's Guide is supported by his audience. When you buy through links on our website, we can earn an affiliate commission. See more See more See more Of Tanya Watkins You can play games on your computer without spending a cent. Several websites are dedicated to offering computer games for free. Some of the games on offer are trials before you buy, while others are completely free. Download-Free-Games.com offer many classic games for download. Family Feud, Monopoly, Scrabble, Bejeweled, Life and Risk are a few of the games on offer. This website offers a variety of categories including card games, board games, kid games, puzzles, racing games, simulations, war and strategy games and word games. The site offers games are completely free or free trials of games you can buy. Free trials allow you to try out the game for a limited time or have some features locked. They require you to buy the game to continue playing or unlocking some features. No adware or spyware has been reported from the site, which offers more than 800 games. Net-Games.biz offers free games for download as well as web-based games, a players club and multiplayer games. The website's offering of free games includes action, arcade, racing and puzzles. It shows players with top scorer, the 10 most popular games and ID's of new users. Yahoo! offers a great selection of web-based games that do not require downloads, for adults and children. Yahoo! also offers free games that can be downloaded to your computer - some of them free trials. Yahoo! offers sports and educational games for children. Arcade, maps and holiday games are also available. If your child gets tired of games easily and is always looking to play something new, give Yahoo! a try. If your child loves everything Disney, consider the Disney website. Most of the games include Disney characters. They include Hannah Montana Rock, who beat, Tink's Fairy Tag, Bayou Adventure, Pixie Hollow and Zake and Luther's Donut Run. Sign up with a Disney account to access these favorites. Who's going to kill some zombies? The zombie genre, once only a niche genre, has blossomed into a real pop culture phenomenon that has shown its perseverance over and over again. Zombie games can be a lot of fun and manage to span almost any genre that you can think of. But the two most popular seem to be shooter and survival for obvious reasons. The category is in a bit of a break after a strong mid-2010s, but there are still some big games here. Here are the best zombie games for Android! Read Next: The Walking Dead: Our World Tips and Tricks - The Ultimate Survival GuideDead Effect 2Dead Trigger 2Into the Dead 2Kill Shot VirusLast Day on EarthDead Effect 2Price: Free to playThe Dead series Effect is a decent zombie shooter series. It has beautifully made graphics and you will be shooting Hordes of zombies, monsters, and all kinds of other sci-fi creatures. It also includes an RPG element that lets you upgrade, level up, and otherwise develop your character into a fighting machine. You have over 100 implants to use to upgrade you character, over 40 weapons to use against the bad guys, and the developers boast about 30 hours of total gaming. There is a lot of content here and it is one of the decent zombie games. This is so close to a Dead Space game you can get on mobile. Dead Trigger 2Pris: Free to playDead Trigger 2 is one of the older zombie games. But updates kept the game relevant even today. It features a metric ton of missions, decent graphics, and pretty good first person mechanics. There are also a lot of weekly missions, hardware controller support, and plenty of weapons to collect. Like we said, it's an older game. Those looking for the latest in gaming are taking a step back with this one. But it still plays better than most recent zombie games and FPS games in general. Into the Dead 2Price: Free to playInto the Dead 2 is one of the newer zombie games. It's a never-ending runner with survival mechanics. Your run as long as possible and try not to die. The game gives you tools for destruction. There are also a lot of other missions, challenges, and even dog companions. The graphics are pretty decent as well. It's more of a casual game than anything else. It is also free to download with freemium style in-app purchases. Kill Shot VirusPrice: Free to PlayKill Shot Virus is one of the newer zombie games relatively speaking. It is a first-person shooter with a ton of zombies to shoot and kill. It contains decent graphics, simple shooter control, multiplayer content, and leaderboards. You'll also get over 100 missions, plenty of equipment to collect, and more. It is a freemium game and has a lot of the same problems as other freemium games. But it's a great alternative to longtime favorites and older zombie shooters like Unkilled and Dead Trigger 2. Most user complaints are about freemium elements. The game is good. Last day on EarthPrice: Free to playLast Day on Earth is a survival game with zombie shooter, adventure, and open world elements. You build a base of operations, scrounge for objects and materials, steal things, and kill zombies before they kill you. It also has seasonal landscapes, crafting elements, and lots of extra things to do. This is an excellent survival game with some zombie game elements. We wouldn't blame you if you thought the zombie influence was minimal, but we enjoyed the rest of the game enough and it's nice to see zombies in a game that isn't the main premise of the whole game. In any case, it's a freemium game. Plants vs Zombies 2Price: Free to playMini DayZ is another zombie survival game. This is very different from Day on Earth above. It features retro graphics, hectic but entertaining games, and tons of things to do like crafting and base building. Your character also needs a decent consistent supply of food, rest and water. Of course, there are a ton of zombies to either run from or kill as well. It's 2D with simple controls. It's a surprisingly fun game for how simple and retro the graphics and controls are. The game had a rough start, but recent reviews seem to indicate that it is better than its 4.1 rating (at the time of this writing) suggests. The Walking Dead: Season OnePrice: Free/\$4.99-\$14.99The Walking Dead: Season One is the first of a few zombie adventure games from Telltale Games. It's a point-and-click adventure-horror game with tapes for The Walking Dead comic book. You play through the game and get out of a lot of dangerous encounters with the zombie horde. The decisions you make affect the end of the game. There are five episodes to the game and you get the first one for free. You can buy the rest for \$4.99 per episode of \$14.99 for the entire game at once. There are three more of these games in the Play Store, including Season Two, Season Three and The Walking Dead: Michonne. Here are some of our favorite The Walking Dead games as well! Unskilled Price: Free to playUnkilled is the spiritual sequel to Dead Trigger 2. It contains slightly better graphics, a lot of missions, boss battles, and online PvP. It also supports hardware controllers. You carry out missions, collect weapons and more. There are also two types of online PvP. The first is the FPS shooter and the other Skirmish Ops. It provides a good base FPS experience along with a lot of extras for black. It's a freemium game, though, and has a lot of the same pitfalls. But it is easily the most polished zombie shooter on this list. Zombie

Gunship Survivalprice: Free to playZombie Gunship Survival is one of the newer zombie games. It is the next game in the Zombie Gunship series. This one has the base mechanics from the first game. You sit in a helicopter and knock down zombies to save people. It also includes some new mechanics, you can build a base, deploy troops, and kill many more zombies than the first game. The graphics are good for what they are, and the game feels unique. It's a freemium title, but that's really the only bad thing about it. Zombie Roadkill Price: Free to playZombie Roadkill is a fun little zombie-themed arcade game. Players drive their way through the zombie apocalypse. You kill zombies, avoid death, and shoot zombies that jump on your car. It reminds us a lot of Zombie Highway, a game no longer available on Google Play. That's as close as it gets these days. The game also features ten weapons, five vehicles, a story mode, an endless mode, and seven types of zombies. It's not bad for a free to play any incredible zombie games for Android, tell us about them in the comments! You can also click here to check out our latest Android app and game lists! For holiday weekend, we wanted to give you some more ways to have fun. The following sites allow you to play and download classic and retro games, such as DOS games, classic adventure games, and old console games.
