It started broadcasting on TV Asahi on March 16, 1994, and ended on February 25, 1995. It adapts the adventures of Nunavka Takeichi by the infiniti arc of the series of The Moon Minga, and the adventures of Yoga Tsukano and his fellow unctual guardians below. This season, they should fight against death tors who are planning to take to the ground. In 2000, Klowarvi, The United States, licensed the weather for English-language broadcasts. The maximum production season called, continued for the first two seasons which were licensed by D Entertainment. The series has been broadcast on YTV in Canada, who adjusts the installment numbers to meet the original Japanese version, [3] June 12, 2000 to August 1, 2000. Weather later broadcast on the Toonama programming block of the cartoon network in the Us. The edit and line was released by the entertainment entertainment of THE VVDS with their adaptation of THE VVDS with their adaptation. Unlike the handling of the first two seasons, Klowarvi maintained background music and voice effects from the original Japanese version. Finally, the weather was relicensed by Arthet Media for an updated English language release in 2014, prepared by Stodaupalas. The first 18 episodes of the season were released as a part on November 1, 2016, and the remaining 18 episodes were released as Part 2 on June 20, 2017. While the first two seasons of the now-moon began in a very similar way, it finally took a dark, more emotional turn. One of the conflicts around the node Moon S is romantic-gay relationships as the dissonant Uranium and the uncouth Nepon, which has been shown as subtly romantic premieres, although it is not mentioned directly. Takeuchi they are a married Romantic couple that has opened up, [4] and their voice was directed to the actresses to play characters as they are a married Romantic couple. However, due to various cultural standards, the relationship has to be censored except for most countries outside Japan, Greece, Germany, Sweden, Spain and Mexico. Alternatively, in the Klowervi/Max English version, this subtext was made more prohibited by the route of Dar Nepon and Uranus biological cousins who were involved in a romantic With each other. [6] Artht/Stodaopolas English version preserves subtext of original content. I'm the favorite installment choice for the age of 1995, the death of The Uranium and The Nepon!?
