For full review and shopping info► Info: Monopoly Jr Electronic Banking, from Hasbro Gaming, is for 2 to 4 players aged 5+. The game comes with a game board, 24 cards, 4 game pieces, 48 sold tokens, a door, 4 bank cards and an electronic banking device. The bank unit requires 2 AAA batteries, not included. The electronic banking version of Monopoly Jr follows the same general gameplay of any other version: move your game piece around the board, buy properties and collect more money than your opponents. In this version the game pieces are very child friendly: Scottie the dog, Little Hazel the cat, a toy car and a toy boat. The biggest difference with this version of Monopoly Jr is the electronic bank instead of cash. Some purists may mock this idea, but my feeling is that if you don't add modern elements to gameplay, you'll lose younger generations. With each sign comes a bank card. Simply insert your card into your bank account to increase or decrease your balance. Land on another player's property, you can pay rent with your card. Past go space, add \$2 to your account. The banking unit keeps track, and when a player is bankrupt, the game is played. Some of the iconic gaming areas like Free Parking, In Jail and Go to Jail and are still present, as well as the iconic Monopoly Man Many of the properties are updated for like a Toy Shop, The Zoo and a Taco Truck, among others. Monopoly is an enduring classic and the extra electronic banking element will have kids and adults playing together and having fun.. ★SEE MORE TOYS★.ARTSPLASH 3D LIQUID ART: SUPER HERO GIRLS FROST: SPIDER-MAN SWING AND SLING SPIDEY:.
