Drawing mickey mouse characters

If you're looking for a fun and creative way to add some Disney magic to your day, we share something special – a complete series of tutorials on how to draw Mickey Mouse over the years. Disney cast member Stephen Ketchum has been drawing Mickey at Disney Parks for years and has expert tips for artists of all skill levels. Although the park remains temporarily closed, we've combined Stephen's best Mickey tutorials and collections including learning to draw vintage 1920s Mickey as well as lessons on creating a more contemporary and bizarre pied-eyed version that you want to show your friends and family. First, we start with easy-to-follow instructions on how to draw Mickey as an artist will make it in the late 1920s. You start with a simple circle and then use lightly drawn curved lines to create Mickey. Drawing a more contemporary-looking Mickey has only a few different shapes added. And finally, creating the perfect pied-eyed Mickey begins with an oval shape instead of a standard circle followed again with a lightly drawn curved line to complete your own artwork. Grab some paper and try these three Mickeys now! Use #Disney and #BetterTogether on Instagram and mark us @DisneyParksBlog with your artwork, and for the opportunities to be displayed. And be sure to keep checking out the Disney Parks Blog for more stories like this. In the meantime, we're sharing some of our other most popular character tutorials for you to try today: How to Draw Pluto Hello once again welcome to DragoArt.com. This second tutorial for today will be on another cartoon characte ... M-I-C-K-E-Y... You guessed it! Here, how to draw Mickey Mouse - quite possibly, the most famous cartoon character of all time. And before we begin, keep in mind that this version is actually a newer one. Using the same approach, you can easily switch to a more 'jadus' character style. You know, the one where his eyes are really black. Let's get started! Step One – How to Draw a Mickey Mouse Skeleton May be a little difficult considering its attitude, this Mickey 3/4 look is easier to draw if you first – mapping out some sort of guideline. And as I've done in the example below – look at the gray lines, and how they curve to show '3Dness' in appearance. Here's how to draw a framework... Lots of circles, nothing!? Yup – and it's all because Mickey's hands and feet are rather large. In this sense, he's actually a little easier to draw because every time you make an approach to do it, you know You can always simplify its shape into – let's see... eleven circles (actually – two are oval!). All right, in the picture section now- starting with Mickey's head... Step Two – How to Draw a Mickey Mouse Head Reduced framework – get Mickey Mickey Properly aligned heads can be a little tricky. From a side view or 3/4 - and unlike other characters - his ears don't really align in the right way, something I think was done deliberately. It's all about having two big circles for the ears - in plain view - at all times. This way, no matter the angle - soon, you know who it is! Here's how to draw his head... Looking good! Of course, his head is not complete until you draw on the sorting line - which separates the light part of his face from the darker part. Actually – let's save it for the next step! ☺ Final - Picture Mickey Mouse's Body OK. The curvature of his body is taken into account - it is time to draw the rest. Go ahead and do - starting with the initial curve that brings the bottom into view. From there, continue – use the example as you progress, step by step... And so... How do you draw looks? Hands... definitely – a bit difficult to draw – ESPECIALLY from this angle. Actually, another glance at the top and I may have pulled his right hand over the boy too big. However, don't worry - make adjustments to your liking. It's all part of the drawing process! And besides - you're done. Congratulations on a very good job. ☺ How to Draw Mickey Mouse with Easy Step By Step Drawing Tutorials for Kids Do you want to learn how to draw Mickey Mouse, a Disney cartoon character created in 1928 by Walt Disney.
