Pokemon tcg deck list import

From Bulbapedia, a community-led Pokémon encyclopedia. This is a list of Theme Blankets to get a Pokémon Trading Card Game Online. This includes decks exclusive to Pokémon TCG Online, as well as redeemable theme blankets corresponding to the physical theme decks. The online exclusive Blankets are only available on Pokémon TCG Online and are not available on physical blankets. These consist of maps of various extensions of the Pokémon Trading Card Game. Currently, new players have access to four theme decks, which are exclusive to the game (plus one shout out to the tutorials) in addition to the various redeemable blankets of official merchandise. Tutorial Mode Deck Main article: Tutorial Mode Deck (TCG) Unlike the blankets below, this deck is only available in game tutorials and can not be unlocked in other modes. Starter decks starter blankets are given to new players and are gradually unlocked by the Trainer Challenge. This unlocking process automatically replaces certain cards every time a new computer-driven opponent is hit on that deck. After beating seven different opponents in the Trainer Challenge on each deck (which may include the same opponent in different leagues), they are fully unlocked for use versus Mode against regular opponents. The current theme decks were introduced to build at 2.39 on September 26, 2016. Born fire main article: Born of Fire (TCG) Main article: Hidden Depths (TCG) Breaking Current Main Article: Breaking Current (TCG) Rotated online exclusive decks Thirteen exclusive theme decks are made unavailable to new players in the current version of the game. They are still available to players who have already received them. Bonus Blankets Bonus Blankets are available for free. One is available in-game through a daily login bonus while the others are obtained using the redemption code in the in-game Shop. No deck redeem from the purchased tin is allowed to use theme deck play, but can be used as a Standard Deck and Extended Deck to play. Online blankets obtained from tins can also be delivered at the user's discretion, unlike other online exclusive blankets. Some blankets obtained from tins can be fully traded as packaging before opening, but once opened, 53 of your cards are permanently locked. Check out each deck below for more information about your unlocked maps. Spiritual Power Main article: Mental Might (TCG) The mental power blanket is currently awarded the first Daily Login Bonus for new players. Spiritual can be used in the Trainer Challenge, but can be used as a theme deck to play with other players.
