Stop robocalls with Nomorobo In general I am very happy with your service. However, I want to note that it is not 100% effective. Specifically, during the election season from about September until the elections in early November, we noticed that robocalls for political polls often go through your technology. Of course, now that the election is over, we are no longer worried. But, is there a reason why these calls can't be stopped? - John K, November 29, 9:57 a.m. Love, love, love it! Only one ring and robot is gone - gives me a big smile and a wonderful sense of peace and security every time. Can't say thank you enough! — Jane K, November 29, 9:59 a.m. Big! Blocks 90% of robo calls. - Angel, November 29, 10:15 am It works great. 1 ring & gone.SORRY it can't stop political & Charities. I give to whom I want, not subscribers. - JOSEPH L, November 29, 11:25 a.m. It's great! Really diminished these annoying Robo calls to my home phone. The call list is not useless. — Deborah C, November 29, 11:31 a.m. Outstanding Technology. It's wonderful to have peace at home. Still start moving in ring one, but learned to wait. I wish I could get rid of other unpleasant calls just as easily!!!! - Tim J, November 29, 12:22 p.m. love it! Annoying calls are over!! Peace and quiet has arrived. — G.
