Fury laurann dohner pdf

Book 1 in the New Species series. Ellie was horrified to find the pharmaceutical company she worked for was conducting illegal experiments. Company scientists have sliced the DNA of humans and animals, creating exotic new species. One such experiment captured his heart and he would do anything to save it — even if he hated it for it. Fury never knew compassion or love. He spent his life in a cell, chained and abused by humans. The woman he trusted betrayed her. Now he's free and got his revenge. She vows to end her life but when she's finally in her grasp, hurting her is the last thing she wants to do to a sexy little human being. Fury couldn't resist Ellie—the touch of her hands, her mouth on her skin, her body wrapped around her. He's obsessed with his woman's scent. And Ellie wanted Fury—always did. She desperately needs her big, strong body and wants to heal her lonely heart. But loving Fury is one thing... Taming it is another. Book 2 in the New Species series. Dr Trisha Norbit is flat on her back in a hospital bed, pinned under a really large New Species male. Despite being drugged out of his mind, he promised her ecstasy and was determined to deliver — but hospital staff intervened. 215 is a man Trisha will never forget. But, when he met her again at Homeland... He doesn't even remember! The newly cooled doctor wants to know all about the habit of breeding between humans and species. Slade proposed direct education but he wasn't interested in a one-night stand. She couldn't offer more because she was haunted by the memory of a woman she once tried to claim. She was shocked when she realized that they were one and the same. He blew it up—he'll never give her a chance now. But, when his life was in danger, he was the only one who could save him. When they fled through the wilderness, their desires lit up and could not be denied. Hot sex, on the run, has even more dangerous consequences and will change their lives forever. Book 3 in the New Species series. Tammy always strives to be ready for any life disasters might send her way, but her sexy, lion-man-beast is far beyond the norm. She's big, has the most exotic golden cat eyes she's ever seen — and she's so scared of him, she's speechless for the first time in her life. He stalked closer, growled at her, and she was too sheltered to even run away. Valiant always hated humans. But when she gets the smell of an adorable human woman who has invaded her territory, she is forced to re-examine her feelings this problem. The scent of her pure fear, the sweet temptation and the closer she is, the more attractive she becomes. Once he holds his hand, he won't let go. One thought would change his life. !! Before Tammy can regain her senses, she's flat on her back in Valiant's bed. Now he just has to use every inch of his big, buff body to She's to stay with him forever. Book 4 in the New Species series. Justice North is the face of the New Species. Seeing it up close makes Jessie's heart beat. He is the ultimate alpha male— big, muscular, exotic beautiful... and dangerous. Of course he's off limits. But then the hot guy snores and all the bets are off. Jessie Dupree is a big-mouthed, fiery human woman who takes the animal to court. He wants to show him how to relax, and he's all for whatever he wants to do, but Justice has vowed to protect his people and to take the Pair of Species. He was torn between the woman he wanted and the oath he took. Jessie knows the relationship between them probably won't end well, heartbreak is inevitable. But that won't stop him from liberating the wild inside Justice and spending every moment he can steal wrapped around his hot body, making him roar with passion. Book 5 in the New Species series. One sees Brawn, and Becca wonders how she would look without her clothes on. She was also directly attracted to him, but has vowed never to touch human women. They just aren't sturdy enough for the kind of rough sex Brawn enjoys the most. When she found out she was going to live under the same roof as Becca, Brawn only saw it as an opportunity to expand her knowledge of humans. Hopefully he can do it while keeping his hands off him... His good intentions got lost when they were both kidnapped and locked together in a cage. Brawn finds himself reviving a nightmare when he is once again subjected to breeding experiments at the hands of New Species enemies — who will use Becca to get what they want. Brawn and Becca will have to rely on each other if they hope to survive. Book 6 in the New Species series. Wrath knows she's too dangerous and emotionally damaged to ever be with a woman. Lauren has just been held by three big, buff, heavily armed men—New Species. One of them really caught his eye. She's tall, sexy, and... His new roommate apparently. He had never met a man this was truly spectacular and he decided to taste every inch of his amazing body. Wrath wants to explore that plan as well. Her sex is amazing and she gives him everything she needs but she will only so far. There's something holding him back. Lauren has to make her let go of her wishes and Wrath has to go through her fears to give them a chance in the future together. Book 7 in the New Species series. Zandy had too much to drink and was in the wrong place at the wrong time. He knew he was going to die. The next time his eyes opened, a beautiful human being held him in his arms. He's too tempting to the fallen angel himself. She wraps herself around her body, determined to have it. But when this angel turns flesh and blood, reality crashes — he seduces the New Species. Tiger's shock quickly turns into an intense arousal when the human female kisses him, despite the fact she tries to take off her clothes as she engages in task force operations. He has also made it clear he would never take a partner. It's kind of hard when she and Zandy can't keep their hands off each other. His little human taste and nuance only made Tiger want more. Book 8 in the New Species series. Dr. Allison Baker is obsessed with saving a male New Species coma. He has tried everything and there is only one option left. Alli would break every rule and put his life at risk by tempting 880 to wake up, using only his scent and feminine touch. She just had to kidnap him and crawl into bed with him to make it work. 880 awakened in a different world to a little woman who had slept next to her, took care of her and wrapped her sweet body around her, teasing her senses. He lay still and silent, listening and evaluating every touch evoked, against the reaction of his body. Hatred flared when he discovered he was human, but Mercile stole everything from him so he decided it was fair to take him in return. But things quickly changed and she wanted him by her side and in her bed. 880 has chosen a new name—Obsidian—dark and dangerous personification. He will fight them all to keep Alli. Nothing's going to get in the way. Book 9 in the New Species series. Beauty hates being labeled Gift Species. Everyone is too overprotective, men are not even allowed to talk to him and so far true freedom avoids it. Then an officer of the large and sexy Species mistakes him to the enemy and brings him to the ground. Shadows are stupid. He has a Gift pinned underneath — a big no-no. But Beauty is fascinated and wants to know Shadow much better. She is full of newly discovered and unreciprocated passions and she is just what she needs to satisfy her curiosity. For Shadow, sex means pain and revulsion. For Beauty, it was bondage and ridicule. Two lonely souls who have never known the touch of a lover, together in a cabin in the woods. Every touch, every invention brings them closer to a life they never thought possible... even beyond their dreams. Book 10 in the New Species series.
