## Sunflower wedding invitations cheap

If yellow is not one of your wedding colors (or even if it is!), the idea of a sunflower bouquet might seem too bold a choice for a wedding. Sunflowers are a flower of expressions—large, bright, and beautiful. Because of this fact, it can sometimes seem like they will overwhelm the arrangement or draw an eye away from the bride. But if you like the flower, it is worth giving them a second thought about your wedding. Even if you're not sure yet take some inspiration from sunflower-infused bouquets from real weddings. They might just leave you asking: Peonies, what? Here are 15 gorgeous examples of sunflower bouquets to inspire yours. 02 out of 15 There is nothing wrong with leaning on a sunflower if it is one of your favorite flowers. Try to create a theme by echoing the bouquet flower palette headpiece or other décor elements. 03 out of 15 If warm, burnt orange and yellow shades are your dream

color palette, consider choosing a sunflower bouquet that plays in all these shades. Even only one sunflower can add an impactful pop calendula bouquet. 05 of 15 Bright, colorful flowers are not all thing. But even the brightest yellow sunflowers can look natural and organic bouquet, if added to the right shades. Adding organic tones in white and green is always a great idea. 06 out of 15 Who says sunflowers are yellow, anyway? The flower comes varieties of orange, red, calendula, and, yes, even green. Love the look of sunflower, but not on the traditional hue? Talk to your florist about the possibility of finding different varieties. This way, you can make a great flower statement in your color palette. 07 out of 15 you might think that sunflowers are more bohemian than modern feel, but the combination of sunflowers with a bald silhouette can strike just the right balance. Just take this photo as proof! 08 out of 15 For a super unique bouquet, multicolored sunflowers are a great option and offer just the right hint of yellow. We especially love warm tones paired with an unexpected pink ribbon. 11 out of 15 That's right: Sunflowers can be red, too. If you're looking for earth-tinted red and looking for pops to paint your bouquet, which feels as organic as greenery, consider red sunflowers. 12 of 15 Photo by Hajley; Florals in the Flower Hut There's nothing prettier than a light, fluffy bouquet with pop color. This bouquet is a great example of how to use a combination of all the bridal-side flowers. 13 out of 15 If a boho wedding is what you dream of, then go for their sunflowers and all. Leaning into bohemian vibes can have gorgeous results, as this wedding proves. 15 out of 15 Channel actress Emma Myles's bouquet if you're all about color. You can even follow her lead DIY-ing her bouquet with a statement sunflower up on top. After her wedding, all was either grown on her roof or bought off a deli down the street. Decorating a wedding cake with fresh flowers is not a new concept: Bakers often add cascading blooms or bold pops of color to the top of the cake, providing fresh flowers that fit the overall wedding aesthetic. But what about incorporating a bold option like sunflower? This happy flower makes the look more and more cakes, especially with summer and early autumn weddings, and we're here for it. Sunflower cakes would be perfect, in my opinion, for any kind of wedding, says Sammi-Jo Gascoyne, owner of Blushing Cook, a bespoke cake studio in London. Sunflowers bring so much happiness and joy to people. How could they not? Meet Expert Sammi-Jo Gascoyne is the owner of Blushing Cook, best known for the development of The Pressed Flower Cake design. Sunflower wedding cakes are the perfect design for a couple looking to host a rustic wedding. Whether you're tying a knot in a barn or holding a wedding, or maybe even off the field, sunflowers are such a nice addition. So how exactly do you add sunflowers to your wedding cake? Well, they can be incorporated in many different ways. Sunflowers are edible flowers, so I always encourage everyone to use fresh sunflowers when they are in season, says Gascoyne. You want to make sure that you get your flowers from a reputable edible flower grower who doesn't spray them with pesticides. Or, even better, you might have some seeds in your garden you've grown from. Gascoyne often pushes her sunflowers into a whole bespoke dried floral look. If you want fresh sunflowers, you definitely have some leeway there as well. Fresh sunflowers are quite durable, so if you're adding them fresh I'd say they endure some time out of the water, she says. I always add them to a fresh day, however. If they're a little on the heavy side, pop a little wooden dowel or a large wooden barbecue lile underneath it to support it on your cake. Sunflowers can also include a cake with a piping buttercream flower or making flowers from sugar to place on the cake. Ready for some major sunny inspiration with these bold blooms? Inspired by the stunning sunflower bouquet below. This winter we dream of farms, fresh pines, sparkling glitz and roaring in the fireplace farms. What better inspiration than your wedding invitations? When it comes to calling your winter nuptials, there are several strands you can take. Go for a classic touch, incorporating seasonal colors of purple or emerald. Use them both at the same time to full on yuletide mood, or a couple one with a metal silver or gold dash for holiday glam. Regardless, we recommend balancing this rich color scheme with white to keep the appearance low and timeless. But winter shades not only lie in the Christmas inspired palette; it is also on the cool side. Turn your invitations into a winter wonderland by choosing a snow-capped white and gray color scheme, playing different shades of blue or including soft snowflake details. If this is the case your vibe, think dark-black may sound off-putting, but it's anything but. When paired with gilded accents or other deep colors such as burgundy, it can create a romantic, moody tone look that we love. Don't be afraid to work in a blink and blasphemy if you're planning a New Year's wedding! You can also play up to the winter bucolic beauty, such as evergreen farms, roaming reindeer, open prairie under the starry winter sky, and warm barns. Include this inspiration with information on farm animals or trees, neutral cardstock, or twine accents. Rustic winters also cause cozy cabins and snowy mountains; hand-painted watercolor illustrations will either put your guests in the mood for a true winter wedding. Here, we offer 16 invitations that will have you (and your guests!) dreaming of a gorgeous winter wedding. 01 of 16 Photo by Caitlin Lisa Photography; An invitation by Paper Tree Media to a playful typography and wreath inspired illustration lend this invitation suite a dash whim, while a simple black and white palette with a dash of dark green makes it fun and inviting. 02 of the 16 Black invitations will set an elegant gothic vibe for your nuptials.
