## Canvas foothill college

The FA is an independent, locally governed association incorporated in 1977 by the faculty of this district to represent itself under the California Public Employees Relations Act of 1976. The FA and the District Board of Directors collectively negotiate decisions on salary, hours of work, academic timing, hiring practices, class size, and other terms and conditions of employment at Foothill and De Anza colleges. Video Hosting via 3C Media Solutions3CMedia provides a place for college to upload videos and request subtitle services. Subtitle. for an account, and then request video upload privileges. After uploading the video, you'll be able to request subtitles. Click the Help link at the bottom left of any Canvas page. If you can't connect to Canvas, you can send a ticket to our support office ( The Faculty can learn about Canvas by completing an online course at its own pace. If you need help you can contact us for an appointment. For your own pace online course, sign up for the Canvas certification course. Faculty are required to complete Canvas training or provide evidence of skills in canvas use before you can request a canvas live site for a scheduled class. Future canvas certification training sessions are designed to help the master faculty and demonstrate the basic skills needed to use the Canvas course management system. Upon successful completion, participants will receive Canvas Certification and thus become eligible to request Canvas sites. Several apps have been integrated into Canvas, so you don't have to add them as a third-party app. To see the list and learn more about them visit the Online Faculty Manual. The major advantages are that the instructor just needs to connect to a course site for all courses and he/she just needs to make changes to a course site rather than multiple. The major drawback is that it can be confusing for students if some are in a section of course on campus and others are in a full online course section because the number and type of missions/tests/discussions may be different. If you want to add a course to the dashboard, you need to go to the course list and click the star. Where's my class? When you receive the new site, it will be configured as NEPUBLICATE. This means that students will not be able to connect to these live Canvas course sites until you publish your site. public a Canvas course? If you're having technical problems or difficulties using Canvas, try: Troubleshoot calling the canvas hot line at (833) 300-3461. Some of our students from China, North Korea, Jakarta, Indonesia, Cuba, and many Middle Eastern asian countries may have difficulty accessing Canvas or links to learning materials in our courses. The biggest problem comes from Chinese students can't access shared files on Google Drive, shared videos on Youtube, etc., because of firewall blocking. Solutions: Make alternative plans for sharing files and sharing videos to avoid access issues. Test site behind China's Great Firewall Could Be Possible for Students use a VPN to bypass restrictions. Some articles recommend that users buy VPNs that are hosted outside China, not in China to make sure that THE VPN works. Works. Works.
