Webkins e store

Page 2Page 3 1 Click on the Webkinz Classic near the top. You'll be taken to a page with a picture in the middle and items listed for sale at the bottom. 2 Select the Webkinz Virtual Pets link on the left side of the page. You can also click + next to it to see the subscras of the virtual pet category. 3 Take a look at the sections listed. You should be on a page that has some separate images with descriptions below them, such as Exclusive Online Pets and Pet Packs. See the list of sections on this page and select the section you want to see. If you click + instead of words, you'll also see a list of categories appear, but instead of being redirected to a new page, categories will appear under Webkinz Virtual Pets. 4 Select a section to take a look at. By clicking on either word or image (depending on the method you use above), you will be taken to a new page with 12 images of different Webkinz pets online. Click on one to see the pet. 5 Read the description of the pet and see the provided image. You'll see a clip of pets walking/swimming, along with a portrait, food, item, and gift box. Read the description above about the pet. 6 Add pets to your cart. Click the Add to Green Cart button if it's available. If the pet you're viewing is a promotional object, you may not add it to your cart, but if you scroll down, there may be packages that the pet has available. You can add packages to your shopping cart if you're interested in buying a pet plan. 7 Go to your cart by clicking Pay near the top of the page. Review your order and make edits as needed. 8 Know your payment method. Unlike when buying luxury pets, buying a virtual pet can cost something other than dollars - it can cost eStore points. An eStore point is Ganz's online currency used to purchase virtual items for online accounts (such as Webkinz accounts). To get eStore points, you can buy a Webkinz deluxe membership or buy them through eStore. Some virtual pets are only available through eStore points, some only through other currencies used outside the eStore (dollars, euros, etc.), and some pets are available for purchase using both methods. 9 Enter the promo code if available. This will act as a coupon and make your items cost less. 10 Check the age of the majority box after reading the Terms & Conditions. If you are not 18 years of age or older, you will need a parent or legal adult to make a purchase on your behalf. 11 Go to the next page by clicking Continue billing after you've reviewed your order. Make sure your shopping cart contains everything you're buying. Once you've checked carefully, you can complete your order. 12 Verification of orders if your pet costs eStore points, or enter information on your credit card if your pet costs another currency. If you are buying a pet in dollars or another local currency, another, your credit card number and PIN, along with the name on the card and expiration date (if necessary). Then go to the next page to verify your order. 13 Check your order history to make sure the order has passed. If you're not issued a pet code after completing your purchase, check your account's order history by visiting Settings. The orders you've been through will appear in the historical queue, and you can access the code for your pet by reviewing the order. Use the code to apply your online pet webkinz.
