Hello! Plant a tree and chop it and then break the leaves to get both apples and sapplings You can probably buy apples from one of the NPC in the main lobby too if you have more questions feel free to send me a message and I will try to answer them have a great day! Hazb0 Hiya, better, if you break the logs in the tree and wait for the leaves to fall automatically, it gets a higher drop rate if you leave the leaves to automatically despiate. Also, you can find trees in the village or on your island once they've grown. Hope it helped! Have a great monywon day Hello!
