Discover many different buildings and build your base to how you want. Build your armies and ready for epic raids against enemies. Engage in many tasks and challenges. Unlock different upgrades and power ups. Everything is possible in a clan conflict, you just need to reach a particular teacher. Here you'll find all the exciting features the game offers: First of all, you'll have to start and build your village of scratches. Find a good place for people to settle, build your very first buildings, collect resources, and collect new villagers for your town. Expand your base as you progress in the game and unlock more buildings. Most importantly, you will find yourself under attack by many other clans in the game. Thus, you will have to strengthen your bases with appropriate defenses. Build towers, position troops, and other defensive contraptions. You will have to arrange buildings and organize your defenses so that enemies cannot penetrate through. As you collect resources in the game it is important to have them protect against enemy raids. However, you can make uses of cannons, bombs, traps, mortars, and even walls to defend your goods from enemies. Build your defenses and prepare for widespread attacks from enemies at any moment. On the other hand, it also allows you to build your armies to take the rules of others. Feel free to raid anyone you want with your troops, but make sure you can take down their bases in one blow. You will lose your armies just for nothing but with the right strategies and the right units, you can easily penetrate through their defenses. So don't be afraid to try out your tactics and hone your skills in the process. For those who care, the game also features an exciting single-player campaign to enjoy. Find yourself taking on the evil goblin king as he tries to take over the entire kingdom. Build your bases to defend enemy attacks and mobilize your men for an all-out attack on enemies. You have faith and you must win against evils. Not to mention that rewarding prizes will make your trip an added value. All kingdoms and clans will unite to fight common enemies. Speaking of battles, the game features a variety of different forces of different races with unique powers and abilities. That being said, you are free to customize your armies to how you want. Clash of Clans Android Version FAQ: Q1: Clash of Clans (COC) is an online game or offline game, do I need an Internet connection to play it? Apparently, Clash of Clans is an online game, it requires internet access in order to provide players gameplay and social content to experience your games, as well as the ability to play live with the rest of the Clash community. Q2: Why do I keep losing contact? For a seamless Clash of Clans experience, it's very important to be connected to a stable network and an Android device signal is strong enough. Full Wi-Fi tapes or mobile data coverage alone are not always enough to ensure a solid connection, because local networks can slow down and get burdened at times. This is especially true if you are playing in a moving car or on underground public transport. As with any other online service, we recommend playing via wi-fi with a good INTERNET provider, or at least a 3G/4G connection connected with a reliable carrier. Q3: Clash of Clans Android game keeps crashing, what do you do next? Note: The best Clan clash experience for Android, you need to check the minimum requirements first: 0.5 GB of RAM (1GB or more recommended), Android OS 4.0.3 or later. Screen resolution 800x480 or higher. Take the next steps to fix clash of broken problem clans. 1. Close the app and restart it. Turn off your device again, then try to restart the app. Remove the app and reinstall it. 2. Make sure you've downloaded the latest version game from the Google Play Store. Or you can download and update Clash of Clans APK on APKPure.com. 3. Free the device's memory by closing unused background applications. Remove more storage by uninstalling apps that you don't use. Also, try to transfer or backup video and photos from your Android device. Q4: About Clash of Clans COC game next update? Supercell has revealed that it will host a new event on October 24th that may bring major updates to the famous Clash of Clans video game. Here are some things that are rumored to be part of the next update of Clash of Clans (COC): City Hall 11: At present, many players are stuck in City Hall 10 and can't move any further. They should be satisfied with raiding other bases and upgrading their defenses. If Supercell opens city hall 11, it is likely to bring a whole host of new things to the game. It has the opportunity to activate it and drive more content. It has been predicted that this may bring upgrades to spells. Single Player Maps: This will be a boon for players who love to play single player modes or for players to test their new skills and strategies. Level Barbarians: It is also possible that with the upgrade to City Hall 10 clash clan players may also get powerful new barbarians from Level 7 to Level 8. Torness Clan: It has been expected that the new upgrade could include 5v5 and 10v10 people tournaments that can be motivated with bigger bonuses such as gems and loot. Upgrade Dark Forces: With city hall upgrade 10, dark forces can also be settled or there may be new troops to meet the needs of fans. New Hero: Many new updates have come to the game but there is no new hero from the likes of The King and Queen. This new character can have the power to evolve.
