Usually it breaks down by gender, but sometimes parents host the whole team. Sometimes parents are also grouped together to host a dinner with another family or two. This year is a whole different story. If you think you could still host any of these events, given the limitations of denseration, etc. Everyone will understand if this doesn't work for you and your family this year. If there are questions or difficulties with signing up, you can send me a message, and I can handle it. I have found that it does not work as well on mobile devices as on the actual computer. David Heise, Heis, son of Dr. Herbert and Mildred Heise, was born and raised in Winona, Minnesota. David's love of sport came at a very early age through the inspired life of his brother, Bill. Whether David played takeout ball in the driveway, in a nearby park or at the YMCA, he was an avid participant and well on his way to being a lifelong Winhawk. Heise won basketball and baseball as Winona senior high school and was immediately recognized for her skills, tenacity and leadership. He served as vice-captain of basketball and was one of five players selected to the Big Nine All-Conference First Team. In his senior year, his basketball team won district and regional championships, finishing fourth in the single-class state tournament in 1961. David was also an outstanding baseball player with the team's highest batting average in his junior year. After graduating from high school (1961), Heise enrolled at St. Olaf College, where he played both basketball and baseball for the Oles and served as captain of both teams. David's big highlight of college basketball came in his senior year when his Oles won the MIAC Conference title. David studied for a degree in chemistry and biology at the University of Minnesota. Hours of tugboat doing something with his passion for math, he left medical school to pursue a master's degree in mathematics in winona state. This gave Heise time to play basketball and a quick pass for softball. David played for many city league championship basketball and fastball teams, winning some state softball tournaments, occasionally leading the league in hitting and always securing a third-base spot on the team. In his spare time, he was seen on a golf course, gym or YMCA racket courts. After completing his master's degree, David was hired to teach mathematics at Winona High; He worked honorably for 47 years. He taught geometry, advanced algebra, pre-calci. and counting. He was a respected leader and colleague; faithfully chairs the Department of Mathematics, works as a team leader at the site, as a faculty representative on the District's Mathematics Curriculum Committee and as co-chair of the WEA. In addition to his teaching degrees, he volunteered at youth coaching clinics and has served on the board of the YMCA. Heise has been a lifelong member of Y and still plays racket ball several days a week. During Heinen's coaching career at Winona High School, she held many leadership positions in baseball, softball in both boys' and girls' basketball. She served as the girls' head basketball coach for 13 years and held the Head Softball position from 9 titles until her childhood retirement. He was awarded twice as a Big Nine Softball Coach of the Year. Alongside him throughout the long journey of this life have been his devoted wife Mary and their daughter Heather; Apple of the eye. Whether it's playing, coaching or just living life, David sees all success as a positive mental attitude and unwavering faith in God. God.
