Home Tags Summary of Redemption by David Mulwa Nabiswa - November 22, 2018 David Mulwa ISBN: 978996498199 SKU: 2010141000652 Redemption is a heart-warming game that focuses on and explores such pressing social issues as hypocrisy, abuse of religious and political power, parental responsibility and the position and role of youth in a world torn apart by digestion. Theatre critics hailed it as a play of the decade and a marathon of truth. The non-partisan message of the game comes through loud and clear that the ageless virtues of ethics, love, tolerance, wisdom, concern for our neighbor, mercy, justice and goodwill towards all people are in fact still part of the redeeming forces in society. Redemption was ordered by the National Council of Kenyan Churches as part of the 50th anniversary celebrations. Since then, the game has been played in Nairobi and various other parts of the country. A video version of this game is on the horizon. The author, David Mulwa, is the most versatile theatre and television actor and director; writer of both drama and fiction and well-known school and college drama festival judges. 2 customer reviews This is the only book that inspired me in training as a teacher, to challenge the status quo, and the exploitation of the poor by the rich in a comical way, but also dared to explain the role of religious leaders in society facing an era of conflict in truth and false pastors who are determined to make money from innocent and ignorant followers , as a result of brutally attacking society when it subdued its people who have been cast into a bad light to become past mistakes. This has prompted more reflections on us, which may not be able to convincingly elaborate on this platform, Mulwa inspired a generation and made his mark in history for using his brilliant skills in writing to accidentally have our perception reviewed by Eric Njuguna on 23 July 2016, 10:55 p.m. This review has no votes. This book is so impressed in such a way that no one can get around reading it. It's inspiring, educational and motivating trying to show about how the church fell and mistreatment of the liturgical order. It's so embarrassing to see this book being reproduced outside the country in different versions and the originator is just hidden on the unfair practices taking place. The publisher of this book should be excluded from the reprinting of this book and the legal framework of the author to be instilled and must be paid his fees. No one can understand plagiarism because it is protected by copyright. Longman's publisher is expected to be sued in court and the so-called Kisilu Ann be rebuked and face the law for using someone else's job to feed herself after reprinting the book and selling it very expensive at \$52. David Mulwa should be alerted and reminded of the book and give it to another publisher, or even publish it himself. This is theft, this is life in a lie, an old man who was my lecturer at the University of Kenyatta should be able to reap the living of his work. God help him regain his rights. I'm happy and bitter at the same time. Reviewed by Dennis on 21 October 2020, 9:51 a.m. This review has no votes.
