People who drank a 380-calorie milkshake experienced a greater decrease in levels of the appetite stimulating hormone ghrelin when they were told it was a 620-calorie indulgent shake than when they were told it was a 140-calorie sensible one. Lower ghrelin levels promote weight loss by combating hunger and increasing the rate at which calories are burned, says the study's lead author, Alia J. Crum, a researcher in psychology at Yale University. She advises dieters to get into an indulgent mindset. For example, do not focus on the fact that a salad is healthy; instead, focus on its decadent aspects, such as dressing or cheese. Hunger Games: Catching Fire - Panem Run The Hunger Games movie finally open this Friday, and I already have my tickets to the premiere. The story is set in a futuristic, post-apocalyptic society, and fittingly, the characters all have unusual names. I took a quick look at them in a previous post, but with the film set to break all sorts of box-office records, it's time to go further in-depth. Here are my thoughts on the names of the main characters. Katniss The heroine of the stories is named after a genus of water plants. I like the potential for this name: It has the easy nicknames Kat and Katie, and it's hard to really go wrong with a flower name. Primrose Okay, what I said about flower names? Never mind... at least in this case. The only way I see this name making an impact is if parents go nicknamed Rose (and if that's the case, why not just pick the name Rose?). But the books often refer to Katniss' little sister as Prim, so it may be too late to change. Prim just isn't a good name - it sounds too much like prim and proper to me. Gale Katniss' best friend (a man) has this cool name. The only problem is that it's similar to the girl's name Gail. However, if you can get past that association, make it a very strong nature-based name - imagine a gale of wind. Peeta I'm mixed about this name, used for Katniss' fellow tribute. It's similar to Peter, but a little more feminine. It can work for a very strong male, but it's definitely a chance to take. Rue The District 11 Tribute's name strikes me as slightly poignant. For a little girl named Ruby, it makes a good nickname. I'm not sure about using it for a given name - it's just a little too Haymitch I like this boy's name. However, the character is a little less likable - he's the angry, drunk man who is the only tribute from District 12 (Katniss' district) ever to the Games. It's a strong, clearly male name that's not gimmicky and has no other associations. Cinna Katniss' stylist's name is cool in a vacuum, but in reality is too close to the word sinner to make a good name. It's a shame because I really like the sound of this name, and as a character Cinna is extremely pleasant. Effie Effie, Katniss and Peeta's chaperone, has the opposite problem as Cinna - she's an unpleasant character with a name that's not bad. It sounds nickname, but I can't think of the full name that it matches. The only problem I see is its proximity to the letter f, which makes me think of a certain four-letter word. However, I can overthink this one. What do you think? Did I miss any good (or bad) names? Will you use any of the Hunger Games names? Names?
