## Vantakool ph meter reviews

✓ **WIDE USE** - Pocket Size PH Meter is the ideal test kit for home and laboratory use. Ideal use to test water, pools, aquariums, spas, hydroponics, enosca, wine and beer and more.. ✓ **FAST AND PRECISE** - Make sure your pool, general hydroponic ph or even drinking water has a perfect pH balance and safe for use with the precision of the vantakool tester pH. VANTAKOOL Tester has a sensitive electrode sensor to read accurate pH levels. The included detailed manual will show you how to get the best accurate and stable reading.✓ **AUTOMATIC TEMPERATURE COMPENSATION** - No need to worry about the temperature of the test liquid anymore, since ph meter has integrated automatic temperature compensation (ATC), so that it can accurately determine the pH value of the sample at any temperature in a range of 0°C - 80°C (32°F - 176°F).✓ **AUTOMATIC CALIBRATION** - Vantakool PH meter has an automatic temperature compensation function that adapts to water temperatures and water quality to provide pH readings almost instantly. In addition, you can calibrate the tester with a single touch button using VANTAKOOL Buffer Powder. ✓ **MAKES YOU SATISFIED WITH THE PRODUCTS** - Come with 1x VantaKool PH meter, 1x user manual, 2x 1. 5V LR44 (build-in) button cells, 3x PH Buffer Powders; 1 year ..)See more product details. Specifications: Model: Updated Version Measuring Range 2017: 0-14.0 pH Resolution: 0.1 pH Accuracy: ±0.1 pH(20°C) Use Environment: RH 95%, 0-50°C(3 0 20°C) 2 ~176 °F) Battery: 2x1.5V LR button cell Weight: 1.76 OZ Features: ✓ Alta quality and durable It is highly accurate for a measurement range of 0-14 PH, resolution 0.1 PH, measure and display the pH result at the same time as the LCD display, reliable and fast reading.✓ Easy to use Just remove the protective cap and soak the PH meter electrode in the solution and turn on the PH with the ON/OFF switch to measure. Beat the devil from trying to see the colors of a strip of litmus test. ✓Do you wait to calibrate Simply follow the instructions on the package provided with solution 4.01 or 6.86, immerse the PH tester in the solution until the numbers become stable. The package includes: ► 1 x PH meter ► 3 calibration packages ► 1 x Case ► 1 x User Manual Note: ► Clean the electrode with distilled water every time before and after use. ► Be careful with the glass probe since it may be a bit brittle when using. ► Remember to clean it gently with a clean, soft cloth when you're done before plugging it again. ► Open the battery case or replace the battery, then it is calibrate the meter again. Your payment information is processed securely. We do not store credit card details or have access to your credit card details. To complete the return, we need a receipt or proof of purchase. Please do not send it back to the manufacturer. There are some situations where only partial refunds are granted (if applicable) Book with obvious signs of CD usage, DVD, VHS tape, software, video game, cassette or vinyl disc that has been opened Any item not in its original condition, is damaged or parts missing for reasons not due to our error Any item returned more than 30 days after delivery Refunds (if applicable) Once received and inspected the return, we will send you an email informing you that we have received the returned item. We will also inform you of the approval or refusal of the refund. If you are approved, the refund will be processed and a credit will automatically be applied to your credit card or original payment method, within a certain number of days. Late or missing refunds (if applicable) If you haven't received a refund yet, check your bank account again. Then contact your credit card company, it may take some time for the refund to be officially published. Then contact your bank. There is often some processing time before a refund is published. If you have done all this and have not yet received a refund, please contact us at info@humbleace.com. Sales items (if applicable) Only items at normal price can be refunded, unfortunately sales items cannot be refunded. (if applicable) We replace items only if they are defective or damaged. If you need to exchange it for the same item, email us on info@humbleace.com and send your article to: 32 The Queensway Barrie Ontario CA L4M7H8. Gifts If the item was marked as a gift at the time of purchase and shipment directly to you, you will receive a gift credit for the value of Return. Once you receive the returned item, you will be sent a gift card. If the item was not marked as a gift at the time of purchase or the gift had the order shipped to itself to give you later, we will send a refund to the gift and find out your return. Shipping To return your product, you should ship your product to: 32 The Queensway Barrie Ontario CA L4M7H8 You will be responsible for paying your shipping costs for the return of your item. Shipping costs are non-refundable. If you receive a refund, the cost of the return shipment will be deducted from the refund. Depending on where you live, the time it takes for your product to trade to reach you may vary. If you spend an item over \$75, you should consider using a traceable shipping service or purchasing shipping insurance. We do not guarantee that we will receive the returned item. Free delivery worldwide Satisfied or refunded 30 days return and refund for any reason Top-notch support Every day from 9:00 am to 6:00 pm Secure Payments Close 3.7 5 adjusted average rating 4,954 Reviews 32 Products Analyzed 10,214 Reviews Analyzed (180) (179) (1) Sale! Brand: VantaKool Wide Use: Ideal for home or laboratory use; Suitable for testing the pH balance of drinking water, swimming pool, aquarium, RO system, Spa or hydroponics; Suitable for a wide range of fast and accurate applications: make sure your pool, general hydroponic ph or even drinking water has a perfect pH balance and safe for use with the precision of the vantakool tester pH. VANTAKOOL Tester has a sensitive electrode sensor to read accurate pH levels. The included detailed manual will show you how to get the best accurate and stable automatic reading calibration: the VANTAKOOL PH meter has an automatic temperature compensation function that adapts to water temperatures and water quality to provide pH readings almost instantly. In addition, you can calibrate the tester with a touch button using VANTAKOOL Buffer Powder. Lightweight and easy to use: simply remove the protective cap and soak the PH meter electrode in the solution and press the button to measure. Beat the devil from trying to see the colors of a strip of litmus test. Digital PH Meter Water Tester This pH meter is convenient and useful for those who need a PH tester for home and laboratory use. It is not ideal only for home or laboratory use. Also suitable for testing the pH balance of drinking water, swimming pool, aquarium, food project, RO system, spa or hydroponics. Technical specifications: ► Measuring range: 0.00-14.00 pH Resolution: 0.01 pH ► Accuracy: 0.01 pH ► Batteries: 2X 1.5V LR44 (included) ► Automatic temperature compensation: 0-50 °C(32 -122 °F) ► Dimensions: 15x2.5x1.3cm/6x1.1x0.5 inches ► Net weight: 52g / 1.83 oz Hot tips - STEP 1: Turn open pH meter, Clean the electrode in distill water - STEP 2: Immerse the electrode in pH pH Standard buffer solution - STEP 3: press the CAL button. Wait for the digital display to be 6.86pH and constant - STEP 4: Clean the electrode in water to distill and dry it, immerse the electrode in the standard buffer solution Ph 4.00 - STEP 5: Press the CAL button. Wait for the digital display to be 4.00pH. Then complete the calibration of the pH 4.00 - STEP 6: Clean the electrode and dry it, put the meter in the standard buffer solution PH 9.18. Check if the reading is correct between 9.17-9.19pH Package Includes: ► 1 x PH Meter ► 3 x Calibration Packages ► 1 x Transport Case ► 1 x User Manual UPC: 612068223767 EAN: 0612068223767 © 1996-2014, Amazon.com or its affiliates © 1996-2014, Amazon.com, Inc TOTAL\_SLIDES CURRENT\_SLIDE. ratings(112)4.3 out of 5 stars based on 174 product ratings(174)4.7 out of 5 stars based on 69 product ratings(69)4.3 out of 5 stars based on 70 product ratings(70)4.7 out of 5 stars based on 310 product ratings(310)4.7 out of 5 stars based on 38 product ratings(38)CURRENT\_SLIDE) current slide of (TOTAL\_SLIDES)- Save on moisture & pH MetersScivola current (CURRENT\_SLIDE) of (TOTAL\_SLIDES)- You may also like
