It turns out customers love full-service home security packages with 24/7 professional supervision. In general, Guardian protection is a safe bet for excellent service and overall value. Unfortunately, the early charges can be quite pricey. Find out what our experts are saying in our Guardian Security review. Wireless and Cell Monitoring Professional Installation Intrusion Protection Remote Control Home Automation Wi-Fi and 3G Cell Alerts Medical Response Guardian offer a state of art equipment that generates slightly higher than average prices for their equipment and services. They offer 3 different packages that include wireless and cellular connectivity along with 24/7 monitoring. Current Deal Call Guardian protection to see what special offers work. The Guardian Security Guardian began as Guardian Alarm Systems from Pittsburgh, Inc. in the 1950s. At the time, their only business was the installation and monitoring of security systems in jewelry stores. In 1975, their name changed to Guardian Protection Services, Inc. and their focus widened. Security systems for homes and businesses in Western Pennsylvania and the surrounding tri-state area became guardian concentration. After being named to Inc. Magazine's top 500 list of America's fastest growing companies, the Guardian caught the attention of Armstrong's group of companies, which acquired the company in 1991 and has helped it grow Guardian's defense today. Check out the full review of the Guardian's defense here. Get alerts on a smartphone or tablet that's running on the web whenever a sensor is activated or an alert is turned off. The Guardian's award-winning central monitoring centre follows everything and boasts a 60-second response time. The top of the line of wireless sensors, cameras, and alarms allows optimal security while reducing the ability to bypass home protection by reducing wires. Keep an eye on what is important to you while you're away and record the activity on your property for further inspection. Easily control lighting, door locks, thermostats and more with a control panel, mobile app or remote control. Fire, floods and power outage detection protect your home even if you are away. Emergency response boasts the average response time of 30 seconds. Open, close and secure your garage and access no matter where you are. During medical assistance, every second counts. The Guardian's 24/7 medical warning system for customers has one-touch access to the Guardian's 24-hour monitoring centre for emergency assistance.
