Powerful texture products combine the flexibility of candles by holding hair expressions. The formula is not oily, tacky allows you to direct hair with fingers to create lasting textures with satin finishes. Benefits: Switching hands into definitive texture tools Creates holding and texture while providing durable style retention, yet maintains stranded flexibility When Used: Apply to dry hair that has been styled with Aquage styling products. After reaching the desired base for style, this product creates random separation and texture. Can be used on wet hair for short style. How to Use: Make sure the product is thoroughly emulated on the palm of the hand and between the fingers and run hands through the hair. Reapply until the desired texture level has been reached. For maximum randomness, separation and definition, the head flip is upside down and the tousle is dry with a shot dryer set on high heat and high airflow to encourage strands to form and make the maximum texture. On wet hair, let the hair dry naturally or push dry with fingers and dryer blows to create maximum and random separation. How Much To Use: Changing Paste is a powerful product, so use a nut-sized increase and reapply according to need.
