## Panasonic microwave genius prestige demo mode

The demo mode is designed to display the retail store. In this mode, the oven can be proven without power in the oven. If the screen is displayed DEMO MODE PRESS ANY KEY, this means that the unit is in demo mode and cannot function. Depending on the model, if the [Timer/Watch] button is one, then press it 3 - 5 times. If they are separate, press the [Watch] button 3 - 5 times. If successful, the display panel will For example, the slimline and NN-CS894 area, NN-CF853/873, : Demo mode will allow you to experiment setting various programs (the letter D will always appear in the screen window confirming that there is no microwave power produced and it is safe to use the oven without any food). To select this mode, press the micro power keyboard once, and then stop/cancel 4 times. DEMO PRESS ANY KEY will appear. To cancel, press the micro power pad once, and then stop/cancel 4 times. For NN-DS596: To select this mode, press the timer keyboard three times. Demo Mode will appear by pressing any key. To cancel, press the timer keyboard three more times. Written by: Irene A. Blake Writes on: July 14, 2020 A Panasonic NN-C994S Prestige Countertop /Built-in Combination of Transport and Microwave Oven, sometimes referred to simply as panasonic C994S microwave oven, has a display function for retail display purposes. Once demo mode is turned on, you'll see Demo Mode on the screen. While the microwave oven is in this mode, you cannot heat any food or use the functions of the control panel. If that's what happened, don't worry. Turning off demo mode is a simple process. You only need to issue a command through the control panel. A Panasonic NN-C994S Prestige Countertop/built-in combination of contextion and microwave, sometimes referred to simply as a Panasonic C994S microwave, has a display function for retail display purposes. While the microwave oven is in this mode, you cannot heat any food or use the functions of the control panel. Make sure you safely close the door to the Panasonic NN-C994S microwave. Press the Clock key under the Warm key in the control panel three times. Check that the screen shows the time, then schedule the microwave to cook the food as desired. 1 2 3 4 5 6 7 8 Table of Contents 9 1 Table of Contents 2 3 4 5 6 7 8 9 10 11 12 13 14 16 17 18 19 20 21 22 23 24 25 26 27 28 29 30 31 32 33 34 34
