Alameda county birth certificate office hours

Effective January 1, 2015, in accordance with Senate Bill 1050, the Alameda County Clerk-Recorder's Office will require the Notary Consumer Disclosure. This Bill requires a readable notice at the top of the certificate of recognition in an enclosed box, which states that the recognition, proof of execution, or jurat only confirms the identity of the individual who signs the document to which the recognition, proof of execution, or jurat is attached, and not the truth, accuracy, or validity of the document, as proposed below. A notary public or other officer completing this certificate only verifies the identity of the individual who signed the document, to which this certificate is attached, and not the truth, accuracy or validity of that document. Documents where the person appeared before a notary or other officer on or after January 1, 2015, must have this disclosure or the document will be rejected. Documents recognised before January 1, 2015, will be accepted for recording and must comply with the current appropriate statute. This requirement was made in accordance with the legislative amendment of Sections 1189 and 1195 of the Civil Code, and to amend Section 8202 of the Code of Government in relation to notaries publicly.
