A dry reading not very well arranged and typeet gives the impression as an outdated text book of the 80s that your eyes become heavy a paragraph in. This complaint aside he broadened my knowledge of landscapes to understand its conception in the context of the cultural movements of each period of time. It also linked the first gardens used as religious meeting places throughout history to our modern garden layouts. The Gardens of the Ancient Axis has It was an instructive examination of landscape design throughout history. A dry reading not very well arranged and typeet gives the impression as an outdated text book of the 80s that your eyes become heavy a paragraph in. This complaint aside he broadened my knowledge of landscapes to understand its conception in the context of the cultural movements of each period of time. It also linked the first gardens used as religious meeting places throughout history to our modern garden layouts. The ancient gardens of the axis are used by Greek, Roman, Moorish, Persian Russian, Asian, American (Latins included) landscapes as if they were secretly set up by a DaVinci code theorist. As I travel, I found so much of what I learned here applicable in my understanding of a place aboriginal cultures. A hill does not look good from the view of an estate, then moving it 6' right was the picturesque English thought and described their industrial nature. Soothing blues, fruit trees and flowers show Moorish love for things that are not provided by the harsh desert. The fountains and statuary show the grandeur of Roman engineering that is not equal to this day. The journey continues from place to place through time. The garden of a people tells the story of its peoples, its about life and its history. My suggestion is to read this in good light with a strong coffee in the morning. It's knowledge worth having. And will open your eyes to your environment ... Plus Add a review and share your thoughts with other readers. Be the first. Add a review and share your thoughts with other readers. Be the first.
