Link to Marin Scouts Website Since you can not drive to the trail, the best is to park in the neighborhood, as parking spaces are limited to two hours or so. To ride in the trail park near the bike shop in 2020 Sir Francis Drake Blvd, 94930. You can also access the flow path more directly and bypass the single track loop. Drive further up Sir Francis Drake Blvd, you'll find two places you can park at 3270-3298 Sir Francis Drake Blvd. Other California Bike Parks Cummings Family Skate & Bike Park (Folsom, CA – near Sacramento) BMX Track, Dirt jumps, pump tracks and Concrete Skate park (bikes not allowed in concrete park) 1775 Creekside Dr. Folsom, CA Elk Grove Bike Park (Sacramento Area) Pump tracks, dirt jump lines and table tops Elk Grove Park, CA www.elkgrovebikepark.com View posts tagged Elk Grove Kirkwood Mountain Bike Park (South Lake Tahoe) Lift served XC and DH Trails 1501 Kirkwood Meadows Drive, Kirkwood, CA 95646 Mammoth Mountain Bike Park Lift served DH and XC Paths Mosqueda BMX Park, (Fresno, CA) Concrete BMX skate specific park Mosqueda BMX Park 4670 E. View posts on Truckee Pump Track Woodward Tahoe Dirt jumps, pump tracks, ramp park, bag jumps, resi jumps, foam bits, mini-ramps 19749 Boreal Ridge Rd. • Soda Springs, CA 95728 www.woodwardtahoe.com Rating: A- (private park, not open to the general public) Woodward MTB Park (Fresno, CA) Dirt jumps, pumptracks, skills features Concrete Parks Visit BMXriders.org for a list of BMX/Bike friendly Concrete California Skate Parks The only problem with a bike addiction is what to do in bad weather. When there is snowy, rainy or scorching heat (looking at you Tucson, AZ), the best choice is often an indoor bike park or track. We have made a list of indoor bike parks, BMX tracks and skate parks (which allow bikes). If you are lucky enough to stay near one, plan a visit ASAP. Although there is no one in your state or province, some of these parks are cool enough to plan a road trip too. Did we miss anything? Shoot us a note on kristenbonkoski@bpcole.org so we can get it added! This 25,000 m². the facility provides the youth of Chandler and other Arizona communities with an alternative riding place to business areas, school areas, canal banks, dirt plots and other unconventional places. They can learn their sport, develop their skills, and share a camaraderie with other BMX/freestyle cyclists. This project was developed with regard to safety, to be economically feasible, and to not adversely affect any nearby residents. Bike Park Conceptual Design & Construction The design is the result of many months of work among city employees, architects and a focus group made up of Chandler residents, plus design and facility proposals offered at previous public meetings. Cost: about $750,000 to design and build. Chandler Bike Grind Park was designed by Site Design Group, Inc., which designed and built the Chandler SkatePark at Snedigar Sportsplex in 2000. Small community skate park on smooth concrete ground with wooden elements that are redesigned and rebuilt annually by local skateboarders. The layout changes every year, but usually includes multiple shelves, manual pads, kickers and a quarterpipe. 275 Bathurst St. Open spring to autumn, light on until 11pm. Toilets available at Scadding Court Community Centre during the running time Community skate park on smooth concrete with wooden elements that are redesigned and rebuilt annually by local skateboarders. The layout changes every year, but usually includes multiple shelves, manual pads, banks and a 5' mini ramp. East York Skate Park skate park, designed with input from the local East York youth group. Includes a street plaza area and a tight 5'figure-eight bowl. The street area consists of a Pier 7 manual pad, several stair sets, several larger stairs, rails, shelves, hubbas, a long Wave knocked shelf and two granite-delimited shelves. 8th Street Skatepark 160 8th St. No toilets on site Concrete community skatepark with a mix of flow and street, with a tight 5' peanut-shaped bowl. This skate park includes various quarterly pipes, banks, stairs, rails, shelves, manual pads and granite-caped hubbas. Fundy Bay Skatepark 190 Fundy Bay Blvd. No toilets on site Concrete community skatepark with banks, shelves, rails, a pyramid and small bowl. Lawrence Heights Skatepark Modular community skate park with various shelves, rails, banks, quarter pipes and a mini-halfpipe on an asphalt plate. Port Union Skatepark Also known as Crossroads Skatepark, this is a concrete community skate park with a variety of banks, shelves, rails, hubbas, manual pads, a funbox and small 3/4 bowl. Smithfield Skatepark Modular skate space with various shelves, rails, banks, quartz tubes and a spine ramp on an asphalt plate. The Underpass Skatepark Modular community skate park is located during an overtaking, which provides a haven from the elements. Includes various prefabricated shelves and manual pads, rails and some small banks, put on a concrete cushion. Weston Lions Skatepark Weston Lions is a modular community skate park with various shelves, rails, banks, quarter pipes and a spine ramp on an asphalt plate. West Lodge Skatepark 165 Lansdowne Ave. No toilets on site. A small concrete skate place with some ramps and shelves. Shelves.
