Hamilton county auditor

Microsoft Excel: View, Edit, & Create Spreadsheets 16.0.13628.20140 Microsoft Corporation Page 2 FOLLOW US Property Search Starting January 14, the City will close a number of facilities to maximize the number of employees on duty of the Office of auditors as Clerks to the Board of Supervisors , The Audit Office performs many different tasks. Auditors prepare board meeting programs, notify the media, attend all Board meetings, keep and record minutes of Board meetings, and publish proceedings in official County newspapers. The auditor is the County Election Commissioner. As the Election Commissioner, the Auditor runs all federal, state, county, city, school, and special elections. Responsibilities include things like voter registration, blind voting, recruiting district elections officials, printing and counting ballots, receiving nomination papers, and notifying voters about elections. As the County's Financial Officer, the Auditor completes the County's State Financial Report at the end of each fiscal year. All County payroll is calculated and distributed by this office along with related reports such as FICA, IPERS, state and federal withholding, insurance and other deduction reports. Payment requirements for all services and documents provided and charges to different county departments are filed with this office for payment. The auditor acts as the Budget Director for the Supervisory Board. The preparation of all paperwork and forms related to the budget process is completed at the Audit Office. All department heads and elected officials in the county submit their budgets to the Auditor. The auditor then compiles all information by service area and submits it to the Board of Directors for approval for publication for the annual budget hearing. The Audit Office is considered Budget Central for other government agencies. Schools, Cities, Towns, Agricultural Promotions, District Hospitals, Emergency Management Agencies, E911 Service Councils, and County Appraisers submit their completed budgets to the Auditor. Auditors tab out taxable prices for each property owner in the county. The calculation creates the tax rate from which each taxpayer report is prepared. The auditor is the Supervisor of Plats County. All documents relating to the transfer of real estate recorded in the Recording Office are also filed at the Audit Office. The auditor maintains all drainage records. Tobacco licenses and Beer & Liquor Licenses are processed by the Audit Office. Important Information Archive 31/12/2020: The County Treasurer, not the County Auditor, is responsible for your Property Tax. Please contact the Treasurer at county.treasurer@hamilton-co.org with your questions. If you plan to pay taxes directly, go to the County Treasurer's office on the 4th floor of the County Administrative Building. New values and tax amounts are posted on this website. We are open for very limited day services due to COVID restrictions. We recommend using email, fax, courier service or Us Mail instead of coming to our office. Mission Statement To professionally perform the County Auditor's legal duties with integrity, independence, and a spirit of technological innovation while emphasizing outstanding customer service, excellent public information, and efficient use of taxpayer resources with a streamlined, well-trained and appropriately compensated staff.
