Invented in the 1960s, the Lava Lamp and it's mesmerizing effects are even more popular today. See our wide selection of Lava Lamps, the original mood light. Lava Lite Classic Lava Lamp - Green & Blue (1221) GBP 9 Items Remarkably, lava lamps have been around

for more than fifty years, helping people to relax and relax for half a century with their mesmerizing blobs of floating colors. Today, the lava lamp is just as popular, and they are more affordable than ever. Perfect for adding retro charm to your décor or adding a nice red, green or blue glow to your room, lava lamps come suitable for a variety of different styles of interior decoration. Original Lava LampsAuthentic vintage lava lamps, from original manufacturer Mathmos, can fetch hundreds of pounds, especially if they are in good condition and come up with their original packaging. These models are perfect for collectors or those after an authentic retro feel. Modern Lava LampsModern lava lamps are newly available or used for just a few pounds, with a great selection of colors and styles to choose from. They all operate on the same principle, with oily liquid heated by a bulb until it rises in the water above. But every time you use your lava lamp, it will give you a different, unique display, strel your mind and calm your mind down. Along with the traditional oil-based lava lamps, you can also find lamps with different effects that are every bit as mesmerizing and relaxing. These include sparkling glitter lamps, swirling vortex lamps, eruption of volcanic lamps and even plasma lamps with sparks that follow your touch. Themed Lava LampsAs as the novelty of lava lamps wasn't enough, they also come in a variety of themes, with everything from Beatles lava lamps, with Sgt Pepper, Help and Yellow Submarine, to Star Wars lava lamps, with characters from the films, such as Chewbacca.Lava lamps are available in a variety of sizes and shapes, of the traditional torpedo , UFOs and other forms. You can even get a mini lava lamp to plug into your laptop with a USB connection to provide the power. Power.
