This is 1 player, 2 players and 3 player modes. Unfortunately, the game is not multiplayer, but you can still play with friends on the same computer. When you select a mode, each person's controls are displayed, and each player is expected to press the shooting button so that the game can start. Levels are created randomly, so Once you play you will meet different levels. There are different kinds of updates that you can pick up. Like a laser beam, beam, Shot, rocket honor, mine, etc. select them and try to eliminate your friends. But be careful when you shoot because bullets will bounce off walls and ricocheting can kill you too. The hardest mode is 1 player mode. Do you think you can win against Laika?
