Indefinite and negative words spanish worksheet answers

In these notes you will learn more about the negative and affirmative words used in Spanish; including indefinite node, that means no one, nothing, someone, something, and much more. Read the explanations and example strikes carefully to be ready to complete the exercises below to practice and try it yourself out. When we want to talk about indefinite duration, we use the affirmative word. When we want to talk about a negative situation, we use a negative word. Alguno and ninguno must match the gender and number of names they replace or change. Note that alguno turns into algún when used in front of male ingular omes. Similarly, ninguno turns into ningún when used in front of male ingular omes. Note that if you include a male initiation, you will use the words algún or ningún. If you do not include male iminova, because it is already known, has already been mentioned, etc., you use the form of alguno and ninguno. If the verb is before no then all the words that follow must be negative. A double negative is required in Spanish when no before the verb: But if a negative word comes before a verb, we don't have to use no. Ejercicio 1: Mira las fotos y responde las preguntas con las siguientes palabras. Tips: ningún (x2), algunas, algunos, ninguna, siempre, nadie (x3). Note: Try using the correct written accents if you can, for example: á, é, í, ó, ú, ñ, ü. If you do not know the correct answer, enter ? to disclose it. 1. Does hay alguna persona en el mar? - Sí hay personas. 2. What is hay algún tiburón en el mar? - No, no, Or hay mucha gente en el verano? - hay mucha gente en el verano. 4.
