For starters, the East Coast is home to the oldest union states, with complex cultures and more complex histories. From Massachusetts to Georgia, thirteen colonies evolved with time, and additional states included within the geographical boundaries of the first thirteen including Maine, West Virginia, Kentucky and Vermont.In in addition to these relatively old cultures, East Coast life includes cycles of climate that can alternately be disturbing and terrifying. When the storm hit the East Coast, they could run north like a buzz saw, destroy billions of dollars in property, and when heat waves hit, it could mean going out dangerous for the elderly or clinic. Finally there is the subject of travel. Flying up and down the East Coast is not terribly difficult, but airports themselves are notorious. Trains exist but can be problematic or slow. Driving is always an option, with Mighty Interstate 95 The length of the beach, but different states have different approaches to traffic laws, meaning that a ticket in one state can be a felony in another state. Given all the factors, it can be hard to tell if you have a race for the East Coast. The good news is, with this race, we can sort everything out for you. 5 minutes racing 5 minutes character can we guess which East Coast city you live in? 5 minutes racing 5 minutes your more customs character East Coast or West Coast? 6 minutes racing 6 minutes character can you live on the west coast? 5 minutes racing 5 minute character what% west coast you have? 5 minutes racing 5 minute trivia can you name the east coast town of three clues? 6 minutes racing 6 minute trivia if we give you a state, can you tell us its neighbor? 6 minutes racing 6 minutes character can you live in the Midwest? 5 minutes quiz 5 minutes character who famously fictional BRITISH address should you definitely live on? 5 minutes racing 5 minutes Character Which continent should you live on? 5 minutes racing 5 minutes how much do you know about dinosaurs? The Southeast is a land of old traditions, a combination of great and terrible history, a place of production, agriculture, and ideas. It's northeastern New England, where the old ways of the old world evolved and gave America some of its best-thought, feverish sports fanatics and a healthy witch trial. Like America, the East Coast is a land of contradictions, with so much wealth and poverty, brilliance and ignorance, complexity and innocence. The East Coast includes the center of the financial world and the nation's capital. It has some of the best sports teams, some of the biggest factories and some of the hottest places for startups. Its history dates back to the days of the colonies, Washington and Franklin, and weather patterns unlike anywhere else in With super hot and humid summers, frigid winters and very big storms, they can cripple the world's airlines. Live on the East Coast for even a little while one with something of an imbue area way. Being born there can mean that the value of an East Coast lifetime is plunged into his character.
